

EASY TO USE — POUR IN TOILET

ACTIVE INGREDIENT:
Copper Sulfate Pentahydrate99.0%
INERT INGREDIENT.....1.0%
Copper, Expressed as Metallic.....25.2%

CAUTION
KEEP OUT OF REACH OF CHILDREN

SEE SIDE PANEL FOR ADDITIONAL CAUTIONS

Root Nox opens sluggish and plugged septic end sewer lines when caused by roots.

Safe with septic tanks - won't harm trees or shrubs.

DIRECTIONS

1. Pour one-fourth of contents of this package (about ½ lb.) into toilet and flush down. For best results use at night before retiring, when water flow is lowest. Repeat treatment 4 times, within a few days, flushing each half pound portion. If necessary use a rod to make some flow.
2. Repeat the treatment outlined in step 1 every six months.

NOTE: Do not apply in sink or tub drains. Root Nox may be applied directly in the sewer line; apply 2 lbs. Root Nox at 6 month intervals.

PACKAGED BY

GOOD-LIFE CHEMICALS, INC.
GOOD-LIFE DRIVE P. O. BOX 687
EFFINGHAM, ILLINOIS 62401

Root Nox works slowly to kill roots so they wash away. Root Nox is not designed for badly neglected sewer damage by large, thick roots. Such sewers should be opened and repaired by a competent plumber first. Then use Root Nox regularly to attack roots when they are in the small, hair-like stage to prevent future stoppage.

CAUTION: Harmful if swallowed. Avoid contact with skin. Avoid breathing dust. Wash hands after using. Avoid storage near feed or food products.

ANTIDOTE: If taken internally, induce vomiting and call a physician. Keep patient warm and quiet.

DO NOT REUSE CONTAINER. DESTROY WHEN EMPTY.
