

# WEST AGRO Clean Front® Concentrate

A Concentrated Iodophor for Manufacturing Use Only

PRECAUTIONARY STATEMENTS: HAZARDS TO  
HUMANS AND DOMESTIC ANIMALS

**DANGER:** CORROSIVE. Causes irreversible eye damage. Harmful if swallowed. Do not get in eyes or on clothing. Avoid contact with skin. Wear goggles or face shield. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Keep out of lakes, ponds or streams. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not discharge into lakes, streams, ponds or public waters unless in accordance with a NPDES permit. For guidance, contact the regional office of EPA.

#### STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. If swallowed, drink promptly a large quantity of water. Do not induce vomiting. Avoid alcohol. Get medical attention. Remove and wash all contaminated clothing before reuse.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

For Help in a Chemical Emergency Call CHEMTREC at 800-424-9300.

**CLEAN FRONT CONCENTRATE** may be used to manufacture no-rinse sanitizers, disinfectants, topical animal health care products, hand sanitizers and other antimicrobials. Prior to selling these types of finished products, it is the responsibility of the distributor to obtain the necessary regulatory approvals. Any sanitizer or disinfectant intended for intra- or interstate commerce must be registered with the U.S. Environmental Protection Agency. Clean Front Concentrate may be used in the manufacture of sanitizers and disinfectants that do not require rinsing after being adequately drained from food contact surfaces at concentrations not exceeding 25 ppm titratable iodine (refer to Federal Regulation No. 121.2547). To meet this requirement, all components used in the finished formulation must also comply with Food and Drug Administration no-rinse regulations. Antimicrobials intended for topical application to humans and animals must be approved by the U.S. Food and Drug Administration.

KEEP OUT OF REACH OF CHILDREN

**DANGER:** CORROSIVE TO EYES

See side panel for additional precautions.

#### ACTIVE INGREDIENTS:

Titratable Iodine\* ..... 20.0%

INERT INGREDIENTS: ..... 80.0%

Total..... 100.0%

\*From Alpha-(p-nonylphenyl) omega-hydroxy poly (oxyethylene)-iodine complex

EPA Reg. No. 4959-13-AA

EPA Est. No. 4959-IL-1

**NET CONTENTS:** 29 U.S. GALLONS  
(NET WEIGHT:330 lbs./149 kgs)

LOT NO.:

Manufactured by:  
**WEST AGRO**

WEST AGRO, INC./KANSAS CITY, MO 64153

CLEAN FRONT® Concentrate is a registered trademark of ALFA LAVAL, INC.

**CLEAN FRONT CONCENTRATE** is a high quality iodophor, comprised of Iodine and non-ionic surfactants. It is specially formulated to provide superior chemical and physical stability in finished products. As a result, it is often possible to reduce the amount of over-formulation in finished products. Clean Front Concentrate is made from biodegradable detergents. It should be formulated with additional detergents which are, themselves, biodegradable. This product contains no phosphates. Clean Front Concentrate is sold subject to invoice terms and is for the production of environmental sanitation products only.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

See Manufacturing instructions for specific applications.

Consult Material Safety Data Sheet before using.

**NOTE TO FORMULATOR:** Mix well in drum before sampling and before each use.

Clean Front will flow and mix more easily if a day or two prior to formulating it is gradually warmed to 70°F to 100°F and then slowly added in a thin stream while mixing.

#### STORAGE AND DISPOSAL

Keep container closed when not in use. Do not store below 25°F or above 100°F for extended periods.

**PROHIBITIONS:** Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling, or reconditioning, or incineration. May puncture and dispose of in a sanitary landfill or burn, if allowed by State and local authorities. If burned, stay out of smoke.
