UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

MAY 27 2003

Ms. Dollie Howser
West Agro, Inc.
11100 N. Congress Avenue
Kansas City, MO 64153

Subject: Clean Front® Concentrate
EPA Registration Number 4959-13
Application Date: 4/14/03
Receipt Date: 4/16/03

Dear Ms. Howser:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

- To update the "first aid" statement in accordance with PR Notice 2001-1

Conditions

- Under the "Ingredient" Statement delete the "s" on "Active Ingredients".
- Revise the "Ingredient" Statement to read:

ACTIVE INGREDIENT

Titrateable Iodine* 20.0%

INERT INGREDIENTS 80.0%

TOTAL 100.0%

(From Alph-(p-nonylphenyl)-omega-hydroxypoly(oxyethylene)-iodine complex)

- Delete on front left panel "Keep Out of Reach of Children" and "Danger" above the "Precautionary Statement".

General Comments

A stamped copy of the accepted labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

KEEP OUT OF REACH OF CHILDREN

▲ DANGER

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage or skin burns. Harmful if swallowed or absorbed through skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing spray mist. Wear goggles or face shield. Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes. Then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF SWALLOWED: Call a Poison Control Center or doctor for treatment advice. Do not induce vomiting. Drink promptly a large quantity of milk, egg white, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol.

IF INHALED: Move person to fresh air. If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-424-9300 for emergency treatment.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-424-9300 for emergency treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of EPA.

CLEAN FRONT CONCENTRATE may be used to manufacture no-rinse sanitizers, disinfectants, topical animal health care products, hand sanitizers and other antimicrobials. Prior to selling these types of finished products, it is the responsibility of the distributor to obtain the necessary regulatory approvals. Any sanitizer or disinfectant intended for intra or interstate commerce must be registered with the U.S. Environmental Protection Agency. Clean Front Concentrate may be used in the manufacture of sanitizers and disinfectants that do not require rinsing after being adequately drained from food contact surfaces at concentrations not exceeding 25 ppm titratable iodine (refer to Federal Regulation No. 178.1010). To meet this requirement, all components used in the finished formulation must also comply with Food and Drug Administration no-rinse regulations. Antimicrobials intended for topical application to humans and animals must be approved by the U.S. Food and Drug Administration.

CLEAN FRONT CONCENTRATE may be used to manufacture topical animal health care products, hand sanitizers and other antimicrobials. Prior to selling these types of finished products, it is the responsibility of the distributor to obtain the necessary regulatory approvals. Any sanitizer or disinfectant intended for intra or interstate commerce must be registered with the U.S. Environmental Protection Agency. Clean Front Concentrate may be used in the manufacture of sanitizers and disinfectants that do not require rinsing after being adequately drained from food contact surfaces at concentrations not exceeding 25 ppm titratable iodine (refer to Federal Regulation No. 178.1010). To meet this requirement, all components used in the finished formulation must also comply with Food and Drug Administration no-rinse regulations. Antimicrobials intended for topical application to humans and animals must be approved by the U.S. Food and Drug Administration.

CLEAN FRONT CONCENTRATE is a surfactant. It is specially formulated to produce finished products. As a result, it is often possible to use it in a wide variety of products.

Clean Front Concentrate is made from additional detergents which are, themselves, Clean Front Concentrate. Clean Front Concentrate is sold subject to the same restrictions as sanitation products only.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. See manufacturing instructions for specific use. Consult Material Safety Data Sheet before use.

Only for formulation into Environmental Sanitizer, Disinfectants, Topical Animal Health Care Products and uses in which USEPA has approved. Formulator has submitted in Support of Registration compliance with USEPA requirements.

NOTE TO FORMULATOR: Mix well in water. Clean Front will flow more easily if a day or two before use, heat to 100°F and then slowly added in a stream.

For Help in a Chemical Emergency Call 800-424-9300
