DIRECTIONS FOR USE

GLASSES AND DISHES

THREE-SINK SYSTEM:

Wash glasses and pre-scraped dishes in Sink No. 1, which should contain one ounce of GLADISH CLEANER/SANITIZER per five gallons of cold or lukewarm (not hot) water.

Rinse in clear water in Sink No. 2.

Place cleaned glasses and dishes in Sink No. 3, which should contain one ounce of GLADISH CLEANER/SANITIZER per five gallons of cold or lukewarm (not hot) water. This solution will provide 25 ppm of Iltatable Iodine. Allow to soak for one minute. Remove glasses and dishes; allow to drain and air-dry.

TWO-SINK SYSTEM: (where permitted)

Wash glasses and pre-scraped dishes in Sink No. 1, which should contain one ounce of GLADISH SANITIZER/CLEANER per five gallons of cold or lukewarm (not hot) water.

Place cleaned glasses and dishes in Sink No. 2, which should contain one ounce of GLADISH CLEANER/SANITIZER per five gallons of cold or lukewarm (not hot) water. This solution will provide 25 ppm of Iltatable Iodine. Allow to soak for one minute. Remove glasses and dishes; allow to drain and air-dry.

GLADISH CLEANER/SANITIZER is regulated under the Food Additives Amendment of the Federal Food, Drug, and Cosmetic Act for use on food-processing equipment and utensils, up to 25 ppm of Iltatable Iodine, without requiring a rinse with potable water.

CAUTION: AVOID CONTACT WITH FOOD.

CAUSES MODERATE EYE INJURY. AVOID CONTACT WITH EYES, SKIN OR CLOTHING. WASH THOROUGHLY WITH SOAP AND WATER AFTER HANDLING. If in eyes, flush with plenty of water. Get medical attention if irritation persists.

RINSE EMPTY CONTAINER THOROUGHLY WITH WATER AND DISCARD.
