

## OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

WASHINGTON, D.C. 20460

November 30, 2023

Timothy A. Schwab  
West Agro Incorporated  
11100 N. Congress Avenue  
Kansas City, Missouri 64153  
Electronic Transmittal: [Tim.Schwab@delaval.com]

Subject: PRIA Label and CSF Amendment – Adding additional Suppliers and declaring Isopropyl Alcohol as a “commodity inert”  
Product Name: Acidet Acid Sanitizer  
EPA Registration Number: 4959-29  
Application Date: 12/09/2022  
Action Case Number: 00415272

Dear Mr. Schwab:

The amended label and Confidential Statement of Formula (CSF) referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6), you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Please note that the record for this product currently contains the following CSFs:

- Basic CSF dated 07/25/2023

Any CSFs other than those listed above are superseded/no longer valid.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Stacey Grigsby by phone at 202.566.0821, or via email at [grigsby.stacey@epa.gov](mailto:grigsby.stacey@epa.gov).

Sincerely,

Marcel Howard  
Product Manager, Team 34  
Regulatory Management Branch II  
Antimicrobials Division (7510M)

### PRECAUTIONARY STATEMENT:

Hazards to Humans and Domestic Animals.

**DANGER, CORROSIVE.** Cause irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear protective clothing and gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing. Harmful if inhaled. Avoid breathing spray mist.

**PHYSICAL AND CHEMICAL HAZARDS: Combustible.** Do not use or store near heat or open flame. Do NOT mix **Acidet Acid Sanitizer** with chlorine sanitizers or chlorinated cleaners. A harmful gas is formed.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Keep out of lakes, ponds, or streams. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

### FIRST AID:

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a Poison Control Center or doctor for treatment advice.

**IF SWALLOWED:** Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or going for treatment. You may also contact Chem-Trec at 1-800-424-9300 for emergency treatment information.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

# ACIDET® ACID SANITIZER

FOR FOOD-USE SURFACE SANITIZATION

### ACTIVE INGREDIENTS:

Dodecylbenzenesulfonic Acid..... 15.0%  
Phosphoric Acid..... 50.0%  
**INERT INGREDIENTS**..... 35.0%  
Total..... 100.0%

Phosphate content by weight percent expressed as % P 15.8%  
Phosphate content expressed as grams P per ounce 6.5 gm/oz.

### DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. All surfaces must be cleaned and rinsed before sanitizing with **Acidet® Acid Sanitizer**. At a use dilution of 1 oz. to 2 oz. per 5 gal. of water, **Acidet® Acid Sanitizer** provides 300 - 600 ppm of dodecylbenzenesulfonic acid. On pre-cleaned food contact surfaces, **Acidet® Acid Sanitizer** is effective against *Salmonella choleraesuis*, *Listeria monocytogenes* and *Escherichia coli* O157:H7 Hemorrhagic.

### FARM USE

**For Milk Cows and Infiltrations:** Clean with a suitable detergent and rinse with potable water. Flush an **Acidet® Acid Sanitizer** solution of 1 oz. to 2 oz. per 5 gal. of water (equivalent to 300 - 600 ppm of dodecylbenzenesulfonic acid) through the system. Do not recirculate. Be sure the solution is in contact with food-use surfaces for 1 to 2 minutes. Drain the solution thoroughly.

**Hand Utensils:** Scrape or pre-clean dirty utensils. Clean using a manual cleaner, following label directions. Rinse with potable water. Soak or spray utensils/infiltrations with **Acidet® Acid Sanitizer** solution (1 oz. to 2 oz. per 5 gal. of water; equivalent to 300 - 600 ppm of dodecylbenzenesulfonic acid). After 1 to 2 minutes contact time, drain solution thoroughly. Prepare a fresh solution daily or more often if the solution becomes soiled or dirty.

**Bulk Milk Tanks:** Clean tank with a suitable detergent and rinse with potable water. Manually spray an **Acidet® Acid Sanitizer** solution (1 oz. to 2 oz. per 5 gal. of water; equivalent to 300 - 600 ppm of dodecylbenzenesulfonic acid) on all surfaces to be sanitized. After 1 to 2 minutes contact time, drain solution thoroughly.

### FOOD PLANT USE

**Bulk Tanks, Vats and Utensils:** Scrape or pre-clean dirty surfaces. Wash equipment with a suitable detergent and rinse with potable water. Sanitize with **Acidet® Acid Sanitizer** solution (1 oz. to 2 oz. per 5 gal. of water; equivalent to 300 - 600 ppm of dodecylbenzenesulfonic acid) by either brush, soak, or spray method. After 1 to 2 minutes contact time, drain solution thoroughly.

FOLLOW STATE AND LOCAL HEALTH DEPARTMENT REGULATIONS COVERING CLEANING AND SANITIZING.

For additional information, consult your sales representative or the Safety Data Sheet (SDS).

### STORAGE AND DISPOSAL:

**Do not contaminate water, food, or feed by storage or disposal.**  
**STORAGE:** Store this product in a cool, dry place. Keep out of reach of children.  
**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Triple-rinse (or equivalent) promptly after emptying.  
**5 Gallon or Less Container:** Triple-rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate, or, if allowed by State and local authorities, burn container. If Capacity greater than 5 gallon containers: Triple-rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water. Replace and tighten closures. Tip container to its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate, or, if allowed by State and local authorities, burn container. If burned, stay out of smoke.
