#### H-"YYY DISIMPECTANT

RECOMMENDED FOR CLEANING, DISINFECTING AND SANITIZING IN HOSPITALS, INSTITU-TIONS, FOOD PLANTS AND COMMERCIAL BUILDINGS.

YYY-H DISIMPECTANT is Tuberculocidal when used on precleaned non-porous surfaces. Prepare a dilution of 3 ounces of YYY-H

DISINFECTANT per gallon of water at 20°C (or warmer).

is not adversely affected by hard water (up to 400 YYY-H DISINFECTANT ppm). Use a dilution of 6 ounces YYY-H DISINFECTANT

to 1 gallon in hard water.

is not adversely affected by low water temperatures YYY-H DISINFECTANT (as low as 5°C). Use a dilution of 6 ounces YYY-H DISINFECTANT per 1 gallon in cold water.

has its own built-in indicator of germicidal activity. YTY-H DISINFECTANT A fresh solution should be prepared daily or when there is a noticeable change in the amber color.

ACTIVE INGREDIENT:

Titratable Iodine\*...... INERT INGREDIENTS:..... ...... 99.65% Total 100.00%

\* From Alpha-(p-nonylphenyl)-omegahydroxypoly(oxyethylene)-iodine complex

#### KEEP OUT OF REACH OF CHILDREN. DANGER:

CORROSIVE, CAUSES EYE DAMAGE AND SKIN IRRITATION. Do not get in eyes, on skin, or on clothing. Protect eyes and skin when handling. if swallowed. Avoid contamination of food. (See side panel for First (bi.) make of the design and the second

#### YYY-H DISINFECTANT

## DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Not for residential use. For general cleaning and disinfecting use 3 ounces of YYY-H DISINFECTANT per gallon of water. For hospital use or at low water temperatures (as low as  $5^{\circ}$ C), use 6 ounces of YYY-H DISINFECTANT per 1 gallon of water. Remove heavy soil deposits before application of the disinfecting solution.

For sanitizing previously cleaned food contact surfaces, use 1 ounce of YYY-H DISINFECTANT in 1 gallon of water. This dilution provides 25 ppm titratable iodine.

Hospitals: Use as recommended above in animal rooms and cages, cafeterias, commercial freezers, morgues, laboratories, operating areas, patient rooms, bedframes, walls and floors, thermometers, and rubber gloves. Allow at least 10 minutes contact time, then drain surface but do not rinse. Follow directions for food plants when using on food-handling surfaces.

Surgical and Medical Instruments: Surgical/medical instruments, tubing and catheters should be previously cleaned to remove all adhering blood and serous exudates before disinfecting. Flush and fill the lumen of hollow instruments, avoiding entrapment of air bubbles. Then immerse the equipment in a solution of 6 ounces YYY-H DISINFECTANT in 1 gallon of water, allowing at least 10 minutes of contact time.

Food Plants: To sanitize food-processing equipment and utensils, which were first washed in a suitable detergent and rinsed in potable water, use I ounce of YYY-H DISINFECTANT in each gallon of water. Spray or immerse equipment, allowing solution to remain on surfaces for a minimum of one minute. Then drain but do not rinse. When used at this dilution (1:128), YYY-H DISINFECTANT does not require a potable water rinse in accordance with the Federal Food Additive Regulation 178.1010.

Commercial Building, Institutions and General Housekeeping: the 3 ounces of YYY-H DISINFECTANT per gallon of water for cleaning and disinfecting floors, walls, lavatories, shower rooms, refuse containers, kitchen areas and lunch rooms. Allow at least 10 minutes contact time: It low. Water temperatures (as low as 5°C) use 6 ounces per gallon, of water. Follow directions for food plants when using on food handling suppaces.

37

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal or cleaning of equipment.

STORAGE: Keep container closed when not in use. Do not store below 25°F or above 100°F for extended periods.

DISPOSAL: Triple rinse. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or, if plastic by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

If unused product cannot be disposed of by use according to label instructions, contact State Pesticide or Environmental Control Agency, or the Hazardous Wase representative at the nearest EPA Regional Office for guidance. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty ( )f water for at least 15 minutes. For eyes, call physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink a large quantity of water. Call a physician immediately.

NOTE TO PHYSICIAM: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, recpiratory depresion, and convulsions may be needed.

YYY-F DISINFECTANT

is a Tuberculocidal when used on precleaned non-porous surfaces. Prepare a dilution of 3 ounces of YYY-F

DISINFECTANT to 1 gallon of water at 20°C (or warmer).

YYY-F DISINFECTANT is not adversely affected by hard water (up to 400 ppm). Use a dilution of 3 ounces YYY-F DISINFECTANT to I gallon in hard water.

- 1

YYY-F DISINFECTANT

is not adversely affected by low water temperatures (as low as 5°C). Use a dilution of 6 ounces YYY-F DISINFECTANT to 1 gallon in cold water.

YYY-P DISINFECTANT

har its own built in indicator of germicidal activity. A fresh solution should be prepared daily or when there is a noticeable change in the amber color.

### DIRECTIONS FOR USE:

#### FOR USE OF THE FARM:

General: Not for Residential Use. Remove all animals, feeds and drinking water from the premises until treatment has been absorbed, set or dried. Clean buildings and equipment to remove manura and litter. Ventilate buildings and other closed places while using this product.

For Samitizing: To samitize hard, non-porous surfaces (glass, metal, porcelain, linoleum, finished wood) of buildings, equipment, or utensils which have previously been thoroughly cleaned, use 1 ounce of YYY-F DISINFECTANT per gallon of water. Spray or swab solution on surfaces to be sanitized. Allow for a one minute contact time, then drain dry without rinding

For Disinfecting: To clean and disinfect, use 3 ounces of YYY-F DISINFECTANT per gallon of water. Scrub surfaces to be cleaned and didisinfected with a good brush or sprayer. Saturate all surfaces with YYY-F DISINFECTANT. Allow surfaces to remain wet for at least 10 minutes. Start at the highest point and work down.

Immerse all halters, ropes, forks, shovels, scrapers and other similar equipment. Let the solution stay on the surface at least 10 minutes, draining iry without rinsing.

Sanitizing Poultry Drinking Water: Add 1/2 ounce of YYY-F DISINFECTANT to every 2 gallons of drinking water. The regular use in the drinking water also helps keep the waters free of slime and mineral deposits.

Shoe Bath: To help prevent tracking disease organisms into buildings, place a shoe bath inside the doorway, containing 15 ounces of YYY-F DISINFECTANT per gallon of water. After scraping shoes outside doorway, stand in shoe bath for 30 seconds prior to entering building. Change shoe hath daily or more frequently if there is a noticeable change in the solution color.

Page 5 of 6

Food Plant Sanitization: Use 1 ounce of YYY-F DISINFECTANT in each gallon of water as the final sanitizing rinse on previously-cleaned and rinsed food-processing equipment and utensils. Spray or immerse equipment, allowing for a one minute contact time. Drain but do not rinse. A 1 ounce per gallon dilution of YYY-F DISINFECTANT provides 25 ppm titratable iodine. When used at this dilution (1:128), YYY-F DISINFECTANT does not require a final potable water rinse, as prescribed in Federal Food Additive Regulation 178.1010.

Deodorant: YYY-F DISINFECTANT destroys many odors as it sanitizes and disinfects. For general deodorant applications (toilet bowls, urinals, garbage pails, refuse containers, etc.), swab or spray on a solution of 5 ounces of disinfectant per gallon of water.

Hand Dip: Hands must be washed and thoroughly rinsed prior to sanitizing with YYY-F DISINFECTANT. YYY-F DISINFECTANT may be injected directly into wash and rinse waters at a rate of 1 ounce per gallon of water. Hands need not be rinsed with potable water following use of YYY-F DISINFECTANT.

# STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal or cleaning of equipment.

**STORAGE:** Keep container closed when not in use. Do not store below  $25^{\circ}$ F or above  $100^{\circ}$ F for extended periods.

DISPOSAL: Triple rinse. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or, if plastic by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

If unused product cannot be disposed of by use according to latel instructions, contact State Pesticide or Environmental Control Agency, 'or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Improper disposal of excess pesticide, spray mixture or ringate is a violation of Federal Law.

FIRST AID: In case of contact, immediately flush eyes or skin' which plenty of water for at least 15 minutes. For eyes, call physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink a large quantity of water. Call a physician immediately.

NOTE TO PHYSICIAM: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respectatory depression, and convulsions may be needed.
