NOV 13 2013

Subject: FQPA Code 302 Label Amendment
Mega-San® Acid Sanitizer
EPA Registration Number: **4959-42**
Application Date: August 8, 2013
EPA Receipt Date: August 15, 2013

Dear Ms. Gervat:

The following Amendment, submitted in connection with registration under section of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) 3 (c) 5, as amended, is Acceptable.

Amendment Purpose:

"Clarification of dilution rate to comply with the required rates set forth in 40 CFR 180.940."

Recommendation:

In the next printing of the Product Label, clearly list the ppm for the Propionic Acid on the Product Label.

General Comments:

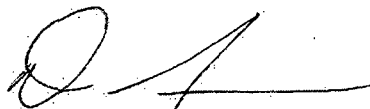

Based on the review of the information submitted, the following comments apply. The Label Amendment is **Acceptable**. A copy of the EPA-stamped, **accepted** Product Label is enclosed for your Company record. And a copy of the EPA-stamped, **accepted** Product Label is attached in **Regulatory File Jacket 4959-42** for future reference.

This labeling supersedes all previously accepted labeling. The next label printing of this Product must use this labeling unless subsequent changes have been approved. You must submit one (1) copy of the final printed

labeling before you release the Product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this Product under previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this Product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3. A copy of this Agency Letter accompanied by your June 4, 2013 Label Amendment Submission are attached in *Regulatory File Jacket 5185-501* for future reference.

If you have questions or comments with regard to this Agency Letter, please contact Killian Swift by email at Swift.Killian@epa.gov or by telephone at 703-308-6346. When you are submitting information or data in response to this Agency Letter, please send a copy of this Agency Letter with your response in order to facilitate processing.

Sincerely yours,

Demson Fuller,
Acting EPA Product Manager 32
Regulatory Management Branch II
Antimicrobials Division 7510P

Enclosure: EPA-stamped, **Accepted "Megan-San® Acid Sanitizer"** Product Label.

WESTAGRO®

MEGA-SAN® ACID SANITIZER

A NON-IODINE ACID SANITIZER FOR
C.I.P. AND C.O.P. SYSTEMS, TANKS,
AND BACK FLUSH SYSTEMS

ACTIVE INGREDIENTS:

Decanoic Acid	3.0%
Nonanoic Acid	3.0%
Phosphoric Acid	28.5%
Propionic Acid	10.0%
INERT INGREDIENTS	55.5%
Total	100.00%

KEEP OUT OF REACH OF CHILDREN
DANGER
CORROSIVE

FIRST AID:

If in eyes, hold eye open and flush slowly and gently with water for 15 - 20 minutes. Remove contact lenses if present, after first 5 minutes, and then continue rinsing. Call a Poison Control Center or doctor for treatment advice.
If On Skin Or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a Poison Control Center or doctor for treatment advice.
If Inhaled: Move person to fresh air. If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a Poison Control Center or doctor for further treatment.
Swallowed: Call a Poison Control Center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor.
Hot Line Number: In case of emergency, call toll free 1-800-424-9300. Have the product container or label with you when calling a poison control center or doctor or going for treatment.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

! DANGER

PRECAUTIONARY STATEMENTS:

HAZARD TO HUMANS AND DOMESTIC ANIMALS
CORROSIVE: Causes irreversible eye damage or skin burns. May be fatal if swallowed. May be harmful if absorbed through skin or inhaled. Do not get in eyes, on skin, or on clothing. Do not breathe vapor or spray mist. Wear long-sleeved shirt and long pants, socks, and chemical resistant footwear, goggles or face shield, and chemical resistant gloves (such as barrier laminate or butyl rubber, nitrile rubber, neoprene rubber, PVC or viton, category C). Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Flush contaminated clothing and wash clothing. Do not mix with chlorinated cleaners or solvents. Only use water following label directions. Do not mix with chlorine bleach. Do not mix with chlorine sanitizers. Toxic chlorine gas will be formed. Chlorine gas may generate hydrogen gas. **Environmental Hazards:** This product is toxic to fish. Keep out of lakes, streams, ponds, rivers, streams, ponds, contaminate water by cleaning of equipment or disposal of wastes. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment authority. For guidance, contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE:

Use in violation of Federal Law to use this product in a manner inconsistent with its labeling.
FOR FOOD PROCESSING AND DAIRY EQUIPMENT: Remove gross food particles and soil by a pre-flush or pre-scrape, followed by a clean water rinse. Clean all surfaces with a chlorinated alkaline cleaner, followed by a potable water rinse prior to the application of this sanitizer. Sanitize equipment prior to use with a solution of 1 to 2 ounces MEGA-SAN® ACID SANITIZER per 6 gallons of water to provide 30 to 180 ppm of decanoic and nonanoic acid. Circulate sanitizing solution through CIP or COP systems for a minimum of 2 minutes. Sanitizing solution should have a pH of 4 or below. Completely drain solution and allow to air dry. For mechanical operations, the prepared use solution may not be reused for sanitizing, but may be reused for other purposes such as cleaning. For manual operations, fresh sanitizing solution should be prepared daily or more often if the solution becomes dirty or soiled. Follow State and Local Health Department Regulations for cleaning and sanitizing food processing and dairy equipment. Regular use of MEGA-SAN® ACID SANITIZER will prevent formation of milkstone and mineral scale on food contact surfaces.

STORAGE AND DISPOSAL:

Keep container closed when not in use. Do not store below 0°F for extended periods.

PESTICIDE DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of pesticide wastes or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple-rinse promptly after emptying. 5 Gallon or Less Container: Triple-rinse the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate, or, if allowed by State and local authorities, burn container. If burned, stay out of smoke. Capacity greater than 5 gallon containers: Triple-rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate, or, if allowed by State and local authorities, burn container. If burned, stay out of smoke. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate, or, if allowed by State and local authorities, burn container. If burned, stay out of smoke.
