**HOW TO USE DON SPRAY**  
 For general household use, spray in a well-ventilated room. Spray the top of the room, and windows, and the ceiling upward. Do not spray directly at people or animals. Do not spray with a brush, sweeping broom, or other device.

Remove bed from mattress. Sweep room covered for 15 minutes after spraying. Before going to bed, exposed food and utensils. CAUTION Do not remain in treated area. ventilate before use.

To kill roaches, waterbugs, silverfish, crickets, ants. Spray baseboard, cracks, crevices, moist areas, and openings around sinks and pipes and other hiding places, hitting the insects directly. Spray ant hills and trails over window and door sills and other locations.

To kill clothes, moths, carpet beetles. Spray all articles to be protected, giving particular attention to folds and seams. Spray interior of storage containers such as closets, chests, and trunks, regularly. Treatment should be repeated every thirty days unless the articles are stored in a moth tight container.

To kill bedbugs, spray mattresses thoroughly, especially around seams and tufts. Spray bed board, baseboard, and other cracks. **KEEP DON SPRAY OUT OF REACH OF CHILDREN.**

**DIRECTIONS FOR USE  
SHAKE BEFORE USE**

Remove plastic cap. Hold container upright. Point spray opening away from you and press button. Apply sparingly in short bursts.

To kill flies, mosquitoes, gnats, wasps, flying moths: Close all doors and windows and direct spray upward into center of room with a slow, sweeping motion. Thoroughly mist the room with the spray. Keep nozzle 3 feet from surfaces. Keep room closed for 15 minutes after spraying. Before spraying, cover exposed food and utensils. **CAUTION:** Do not remain in treated area, ventilate before use.

To kill roaches, waterbugs, silverfish, crickets, ants: Spray baseboard, cracks, crevices, moist areas, and openings around sinks and pipes and other hiding places, hitting the insects directly. Spray ant hills and trails over window and door sills and other locations. To kill clothes moths, carpet beetles: Spray all articles to be protected, giving particular attention to folds and seams. Spray interior of storage containers such as closets, chests and trunks regularly. Treatment should be repeated every thirty days unless the articles are stored in a moth-tight container.

To kill bedbugs: Spray mattresses thoroughly, especially around seams and tufts. Spray bedstead, baseboards, floor boards. Repeat frequently.
