**PRECAUTIONARY STATEMENTS  
 HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
 CAUTION**

May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. In case of contact immediately flush skin and eyes with plenty of water. Wash thoroughly with soap and water after handling. If poisoning occurs get prompt medical aid.

**STATEMENT OF PRACTICAL TREATMENT**

**If swallowed** — Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not give anything by mouth to an unconscious person. Get medical attention.  
**If on skin** — In case of contact remove contaminated clothing and immediately wash skin with plenty of soap and water.  
**If in eyes** — Flush eyes with plenty of water. If irritation persists contact a physician.

**NOTE TO PHYSICIAN** Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine by injection is antidote. Do not use in food areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in sewing areas while food is exposed. In living areas, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Remove pets and birds and cover fish aquariums before spraying. Do not allow children or pets to contact treated surface until spray has dried.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not use or store near heat or open flames.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, birds, and other wildlife. Do not run taminate water by cleaning of equipment or disposal of wastes. Apply this product as specified on this label.

**STORAGE AND DISPOSAL**

Do not reuse empty container. Recap container and put in trash collection.

**DO NOT USE THIS PRODUCT  
 UNLESS YOU HAVE READ ALL OF THE DIRECTIONS  
 AND INSTRUCTIONS FOR USE**

For a complete list of Federal States to use this product, see the appropriate state's labeling.

**FOR SPOT APPLICATION ONLY**

**GENERAL** This is a concentrated formula. Shake well first. Add contents of this container to one gallon of water. Mix vigorously for at least one minute. Allow to stand 10 min. Dursban with synergized pyrethrum insecticide used as a spot treatment to control cockroaches, silverfish, spiders and other pests specified below. Using a suitable sprayer, apply as a coarse, large droplet spray to localized areas where pests may occur. Spray surfaces until wet. Retreat as needed.

**TO KILL COCKROACHES, ANTS, CRICKETS, SILVERFISH, SPIDERS AND SOWBUGS** Spray areas where these pests are found or may hide, including the corners of rooms and closets, cracks and crevices in walls, along baseboards and door and window frames, behind and beneath sinks, stoves, refrigerators and cabinets, in and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. For ants apply to ant trails also around doors and windows and pipes and drains. Repeat as necessary.

**TO KILL BROWN DOG TICKS AND FLEAS** Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby frames and frames, along and behind baseboards, window and door frames and along areas of floor and floor coverings where these pests may be present. Old bedding should be removed and replaced with clean, fresh bedding after treatment. Do not spray pets with this product.

**FLIES AND MOSQUITOES** Use only out of doors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these pests may enter the home. Also spray on a home's unshaded resting areas such as under eaves, in porches, patios and garages where these insects may congregate if, as and mosquitoes coming from these or treated surfaces will be killed. Repeat treatment when necessary.
