AUG 25 1992

Mr. C.A. Tovey
Protexall Products, Inc.
1109-11 Highway 427 North
Longwood, FL 32750

Dear Mr. Tovey:

) Subject: Revised Labeling
Don's DK Concentrate Formula Two
EPA Registration No. 4972-17
Your Application Dated June 18, 1992

The labeling for the product referred to above submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable subject to the comments listed below. A stamped copy of the label is enclosed for your records.

1. In the ingredients statement the spelling of the names chlorpyrifos and O,O-dimethyl O-(3,5,6-trichloro-2-pyridyl phosphorothioate must be corrected.

) 2. The Statement of Practical Treatment must also include directions for If Inhaled.

The proposed name change to Don's DK Concentrate Formula Two is acceptable.

Five copies of final printed labeling must be submitted incorporating the above changes before you release this product for shipment bearing the amended label.

Sincerely yours,

DTE

DO NOT USE THIS PRODUCT UNTIL YOU HAVE READ ALL OF THE DIRECTIONS DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR SPOT APPLICATION ONLY

GENERAL: This is a concentrated formula. Shake well first. Add contents of this container to one gallon of water. Mix vigorously for at least one minute. If allowed to stand, re-mix. Dursban with synergized pyrethrum insecticide used as a spot treatment to control cockroaches, silverfish, spiders and other pests specified below. Using a suitable sprayer, apply as a coarse (large droplet) spray to localized areas where pests may occur. Spray surfaces until wet. Re-treat as needed.

TO KILL COCKROACHES, ANTS, CRICKETS, SILVERFISH, SPIDERS AND SOWBUGS: Spray areas where these pests are found or may hide, including dark corners of rooms and closets, cracks and crevices in walls, along baseboards and door and window frames, behind and beneath sinks, stoves, refrigerators and cabinets, in and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. For ants apply to ant trails, also around doors and windows and pipes and cracks. Repeat as necessary.

TO KILL BROWN DOG TICKS AND FLEAS: Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames, and localized areas of floor and floor coverings where these pests may be present. Old bedding should be removed and replaced with clean, fresh bedding after treatment. Do not spray pets with this product.

FLIES AND MOSQUITOES: Use only out-of-doors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these pests may enter the home. Also spray dark corners and localized resting areas (such as under eaves) or porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when necessary.

Don's D.K. Concentrate

SUPER HI-KIL

FORMULA TWO
CONCENTRATED

CONTAINS DURSBAN® AND PYRETHRINS*

KILLS ROACHES, ANTS, SPIDERS, SILVERFISH, BROWN DOG TICKS, FLEAS, SOWBUGS, CRICKETS.
