**A FAST KILLING
LONG LASTING RESIDUAL SURFACE SPRAY**
Do Not Use as a Room Spray

**PRECAUTIONARY STATEMENTS
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Keep out of Reach of Children. May cause mild to moderate irritation if absorbed through skin. Avoid contact with skin, eyes and clothing of area being treated. Contact with skin, eyes and clothing should be avoided. Wash thoroughly with soap and water after handling. Do not use in eating areas of food processing plants, restaurants or other areas where food is commercially prepared. Do not use in eating areas where food is prepared if poisoning occurs. Get prompt medical aid. Remove pets and cover fish bowls before spraying. **NOTE TO PHYSICIAN:** Treat symptomatically. Atropine is the drug of choice.

If it gets in eyes, skin or clothing, remove it as soon as possible. If swallowed or inhaled, get medical attention. Avoid breathing vapors.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Drink one or two glasses of water and induce vomiting by touching the back of the throat with a finger. Repeat until vomit runs clear. Call a physician immediately.
IF ON SKIN: Wash thoroughly with soap and water. Remove contaminated clothing.
IF IN EYES: Flush with plenty of water. Get medical attention.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not spray directly into water. Do not contaminate water by cleaning of equipment or disposal of wastes. See label for product only as specified on this label.

PHYSICAL AND CHEMICAL HAZARDS

Do not use, splash or store near heat or open flame. Do not spray in air in room or out on plants. Apply as a surface spray only as specified on this label. Do not allow children or pets to contact treated surfaces until spray has dried. This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not reuse empty container. Destroy when empty and discard in a safe place. Keep container closed. Keep away from food, feedstuffs and domestic water supplies.

**DO NOT USE THIS PRODUCT
UNLESS YOU HAVE READ ALL OF THE DIRECTION
INSTRUCTIONS FOR USE**

FOR SPOT APPLICATION ONLY

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **GENERAL:** This is a concentrated formula. Use only for immediate use. Shake well first. Mix a one part D-K2 to nine parts of water. Mix a generous amount of water to use as a spot treatment to control cockroaches, fleas, spiders and other pests specifically on such items as a curtain spray, large objects, to control fleas on pets may occur. Spray surface until wet. Repeat as necessary.

TO KILL COCKROACHES, ANTS, CRICKETS, SILVERFISH, SOWBUGS: Spray areas where these pests are likely to hide, including cracks, crevices, corners and closets, crevices in walls, along baseboards and door and window sills and between sills, under front gutters and eaves around garbage cans, grumblers, and other utility, etc. A brush out of hiding places should be sprayed directly. Do not spray into open doors and windows and do not spray into air.

TO KILL BROWN DOG TICKS AND FLEAS: This is a spot treatment to infested areas such as pet kennels, quarters, nearby cracks and crevices along and behind window and door frames and localized areas of floor coverings where these pests may be present. Do not remove and replace with clean, fresh bedding etc. Do not spray pets with this product. To control the source of infestation, treat pets with a product registered for this purpose. **FLIES AND MOSQUITOES:** Use on a, out of doors in reducing annoyance from these insects. Spray outside window and door frames as well as other areas where they enter the home. Also spray dark corners and localized areas (such as under eaves) or porches, patios and garages. Insects may congregate. Fleas and mosquitoes on a treated surface will be killed. Repeat treatment when necessary.

DISPOSAL: Do not reuse empty container. Wrap container in a clean cloth.
