DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake Well Before Use

To operate hold can upright, direct orifice toward the surface to be treated, press the actuator button. Do not use a space spray.

To kill ants, carpet beetles, centipedes, cockroaches, crickets, earwigs, firebr-pillbugs, silverfish and spiders:

thoroughly apply as a spot treatment to areas where these pests are found or hide, including dark corners of the room and closets, cracks and crevices, under carpets, along baseboards and door sill and frames; behind and beneath sinks, stoves, refrigerators, and cabinets around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nests and point of entry.

To kill brown dog ticks: apply thoroughly as a spot treatment to infested areas as pet beds and resting quarters, and by cracks and crevices; along and behind baseboards, window and door frames and localized areas of floor and floor cover where these pests may be present. Frequent bedding should be placed in animal quarters following treatment. Do not spray pet with this product.

To control house flies, gnats, hornet mosquitoes, small flying moths, wasps, yellow jackets: use only on outdoor surfaces. Spray outside surfaces of door and door frames and other areas where these pests may enter the home. Also spray dark corners and localized nesting areas such as under eaves, porches, partitions and in garages where these insects may congregate. Flies and mosquitoes come to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

SEE REVERSE SIDE

**APPLICATION OF THIS PRODUCT IN THE FOOD
AREAS OF FOOD HANDLING ESTABLISHMENTS
OTHER THAN AS A SPOT AND/OR CRACK AND
CREVICE TREATMENT IS NOT PERMITTED.**

Application Within Food Handling Establishments: (places other than private residences in which exposed food is held, processed, prepared or served) including, but not limited to, areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing foods, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) and serving areas (when food is exposed and facility is in operation): Use as a crack and crevice treatment in and around both food and nonfood areas to control ants, cockroaches, crickets, silverfish, spiders and waterbugs. Apply in small amounts directly into cracks and crevices, using equipment capable of delivering a pin stream of insecticide, in points between different elements of construction, between equipment and floor, openings leading to voids and hollow spaces in walls, equipment legs and bases, in conduits, motor housings, junction or switch boxes. Prior to application de-energize electrical equipment. Limit spot treatments to floor surfaces where pests have been seen or where they are suspected of hiding. Limit individual spot treatments to an area no larger than 20% of the floor surface. Individual spot treatments should not exceed two square feet. Take extreme care that the product is not introduced into the air. Avoid contamination of food and food processing surfaces.

Application Within Food Serving Areas (Facilities where foods are served, such as dining rooms, but excluding areas where food may be prepared or held): Apply as a spot treatment to selective surfaces, such as baseboards, under elements of construction and into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed).

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Do not transport or store below 32°F.

CONTAINER DISPOSAL: Wrap container and dispose of in trash. Do not incinerate.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if swallowed. Keep out of reach of children. Avoid breathing spray mist. Avoid skin and eye contact. Wash thoroughly after handling and before eating or smoking. Do not allow children or pets to contact treated surfaces until spray has dried. Do not spray air in rooms or use on plants. Apply as a surface spray only. Do not allow spray to contact food, feed-stuffs or water supplies. Thoroughly wash dishes and food handling utensils contaminated with this product. Remove pets and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT

- If Swallowed:** Call a physician or Poison Control Center immediately. Drink one or two glasses of water and induce vomiting by touching the back of throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.
- If on Skin:** Remove contaminated clothing and wash affected areas with soap and water.
- If in Eyes:** Flush eyes with plenty of water. Call a physician if irritation persists.
- If Inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Keep out of lakes, streams, and ponds. Do not contaminate water by disposal of wastes. Apply this product only as specified on the label.

PHYSICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
