## ON PETS

Start spraying at the tail, moving the dispenser rapidly and making sure that the animal's entire body is covered, including the legs and under body. While spraying, fluff the hair so that spray will penetrate to the skin. Make sure spray wets thoroughly. Do not spray into eyes or face. Repeat as necessary.

## ON PREMISES

To control fleas and brown dog ticks on premises: Thoroughly spray infested areas, pet beds, resting quarters, nearby cracks and crevices, along and behind baseboards, mouldings, window and door frames, and localized areas of floor and floor covering. Fresh bedding should be placed in animal quarters following treatment. Concurrent treatment of animals is recommended. Repeat treatment as needed.

## DISPOSAL

Do not reuse empty container. Wrap container and put in trash collection.

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

## CAUTION

Harmful if swallowed. Avoid inhalation of vapors. Avoid contact with skin. Wash contaminated skin promptly with soap and water. Avoid spraying food or foodstuffs. Remove birds and cover fish aquariums before spraying.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. (c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 6148-10."
- b. Add the following first Aid statement to the label.

If in eyes - wash eyes with plenty of water. Get medical attention if irritation persists.

c. Add an appropriate first Aid statement for ingestion.

1. we note that the storage stability study is in progress. These data will be submitted when the study is completed. We strongly recommend several analyses at intervals during the storage period such as 1, 3, 6 and 12 months in addition to the required initial and 24 month data.
