

NON-RESIDUAL harqate

INSECTICIDE

DIRECTIONS FOR USE. It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To Spray: Hold dispenser upright with opening on side. Cap away from person. Press top of cap to release mist. Keep spray away from objects to avoid staining. Close doors and windows. Do not remain in closed treated areas. Ventilate the area after treatment is completed.

Flying Insects: Flies, mosquitoes, flying clothes moths, hornets & wasps. Spray towards center of room with a circular motion. It is not necessary to spray insects directly. For average 10x10 room spray 15 seconds for hornets & wasps & 6 to 8 seconds for other insects. Keep room closed for 30 minutes after spraying.

To control fleas, lice on dogs, or repel houseflies, gnats on horses. Spray into base of hair all over animal. Move can to get even coverage of coat (exit tips of hair are moist). Ruffle long hair for spray to reach skin. Spray ticks directly. Also apply liberally to floor areas and sleeping quarters of animals. Do not get in eyes.

Repeat all applications as required.

Bed Bugs: Spray thoroughly the dismantled spring, mattress, and frame, giving special attention to all cracks and seams. Baseboards and wall cracks should be sprayed.

Crawling Insects: Roaches, water bugs, silverfish, fleas, ants, spiders. Direct mist into cracks, crevices and recess behind cabinets. Also spray around doors & windows, ant trails & nests. Keep room closed at least 3 hours for best results. Repeat as needed.

Clothes Moths: Clean and brush woolen materials. Spray thoroughly all articles to be protected, keeping nozzle 3 feet away to avoid staining. Spray inside closets and containers thoroughly before storing. Articles not kept in moth tight containers should be treated monthly.

PRECAUTIONARY STATEMENTS

Hazards to humans & domestic animals: Do not get in eyes. If material gets in eyes, rinse with cold, clear water and seek medical attention. Do not breathe spray mist. Food should be removed or covered during treatment. All food processing surfaces & equipment should be covered while treating or washed with an effective cleaning compound followed by a potable water rinse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water when disposing of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperature above 130F may cause bursting. Never throw container into fire or incinerator.

STORAGE & DISPOSAL

Storage: Store in a cool, dry, locked, area away from heat or open flame.
Disposal: Replace cap and discard container in trash. Do not incinerate or puncture.
