

DIRECTIONS:

FOR MAKING A 2% CHLORDANE SPRAY: Use 1 part Redwood's Chlordane concentrate to 10 parts deodorized Kerosene or similar weight insecticide oil base for a 2% Chlordane spray. Example: 1 gal 20% Chlordane concentrate plus 10 gals. insecticide base oil = 11 gals. 2% spray.

HOUSEHOLD APPLICATIONS: Redwood 20% Chlordane concentrate can be diluted to a 2% spray and sprayed as a coarse, wet spray or brushed on cracks or other areas such as window sills, floor moldings, water pipes, and the natural habitat and hiding places of the insect pests. Surfaces exposed to weathering of washings should be treated periodically as needed. This product has a residual action.

For control of ROACHES AND WATER BUGS: Thoroughly treat infested cracks and other hiding places. Apply locally on exposed surfaces where roaches will crawl when they come out of hiding. Repeat treatment as necessary.

For control of ANTS: Thoroughly treat ant trails and areas around door sills and window frames where the pests may enter premises. Treat openings around pipes, heat ducts, electrical outlets, and baseboards where ants may come out into rooms from wall spaces and partitions. Repeat treatments as often as necessary for effective control.

For control of SILVERFISH and SPIDERS: Thoroughly treat baseboards, areas behind shelving, bookcases, storage areas and any other infested cracks or hiding places.

control of CARPET BEETLES: Apply to areas of floor, baseboards and closet shelves and work material into cracks and under carpets where these insects are found. Treat underside of infested carpeting.

This product is toxic to fish and wildlife. Do not contaminate water by cleaning of equipment or disposal of wastes.

Net Contents 1 Gal.

USDA Reg. No. 4981-10

REDWOOD'S
20% CHLORDANE
OIL CONCENTRATE

(1.5 Lbs. Technical Chlordane Per Gal.)

Active Ingredients:

Technical Chlordane*	20%
Petroleum Distillate	80%
Total	100%

*Technical Chlordane equivalent to 12% Octachloro-4, 7-Methanotetrahydroindane and 8% related compounds.

CAUTION!! Keep out of reach of children.
See side panel for additional cautions.

Chlordane is toxic and can be absorbed through the skin. Harmful if swallowed. Avoid inhaling spray mists. Avoid contamination of feed and food-stuffs. Keep out of reach of children.

ANTIDOTE: In case of spillage on skin, wash with plenty of soap and water. Internal: Drink Emetic of mustard. Call a physician.

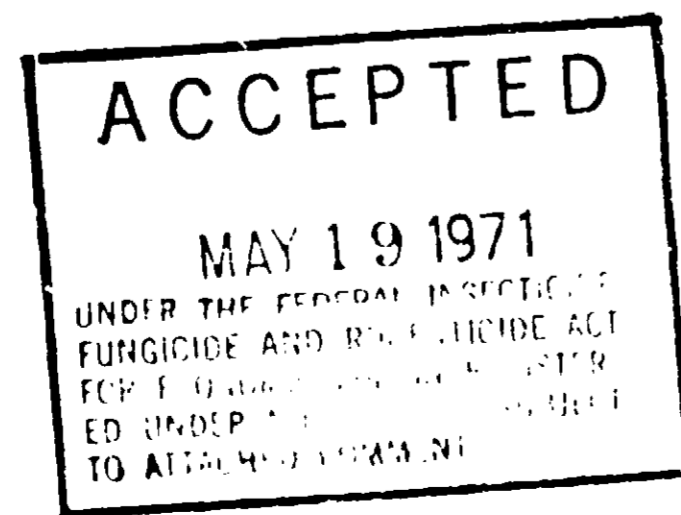

FIRE HAZARD: Do not spray into or near fire or open flame. Do not smoke while spraying.
