

For Control of Chinch Bugs on Turf

Wet lawn thoroughly before treatment. Use one quart of Ethion in 30 gallons of water per 1500 square feet of lawn. Be sure to penetrate spray through the mat of turf to reach insects. (See chart below.) Apply when insects first appear and repeat as needed.

Rates of Use

Dosage	Dilution	Area to be covered
1 quart	in 30 gallons water	for 1500 square feet
1/2 gallon	in 60 gallons water	for 3000 square feet

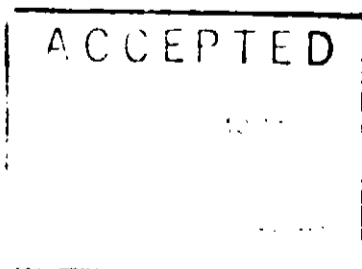

CAUTION: material has been thoroughly washed into the soil and the grass has dried completely.

CAUTION: Poisonous by Skin Contact, Inhalation, or swallowing. Rapidly Absorbed Through the Skin. Do Not Breathe Vapor or Spray Mist. Do Not Get on Skin, in Eyes, or on Clothing. In Case of Contact, Wash Skin Thoroughly With Soap and Water. Keep away from Food or Foodstuffs. Wash Thoroughly after Handling. **KEEP CONTAINER CLOSED. REMOVE LEAKING PACKAGE TO A SAFE PLACE.**

This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Keep out of any body of water. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Rinse empty container thoroughly with water and discard it.
