Bubject: Amendment - Label Revision Redwood?s Roach Spray MPA Registration No. 4981-54 Your Application Dated July 24, 1986

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling.

- Delete the statement "Do not apply where runoff is likely to commutation in the statement of the statement of the statement ponds" with "Do not apply directly to water." These revisions were requested in our previous letter.
- 2. We assume this product is intended for homeowner use and will contain a type of sprayhead attachment when marketed. If not, it should be labeled "For Commercial/Industrial Use Only." This was also brought to your attantion in our previous letter.
- 3. In comment (7) of our last letter we indicatedown

4. As stated in comment (5) of our last letter the "Chemical/Physical Hazards" heading should precede the chemical/physical hazards precautionary statements, i.e.,

## Chemical And Physical Hazards

Do not store near open flame. Do not open, pour, or spill near an open flame. Extinguish open flames before spraying. 15282:1:Stevenson:LR-9:KENCO:9/2/87:9/14/87:rw:vo:dg:teg

					• . • .		OFFICIAL	

In our previous letter we requested an updated Confidential Statement of Formula (CSF). Enclosed is an updated CSF form for your use. Please complete and submit.

The change in product name from "Redwood's CMTA Ant and Roach Residual and Contact Spray" to "Redwood's Roach Stuff" is noted and our files have been updated.

Submit five (5) copies of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

George T. LaRocca Product Manager (15) Insecticide-Rodenticide Branch Registration Division (TS-767C)
