

DEC 20 1988

Petrolite Corporation  
369 Marshall Avenue  
St. Louis, MO 63119

Attention: C.S. Letcher

Gentlemen:

Subject: X-CIDE 370 Industrial Bactericide  
EPA Registration No. 5009-8  
Your Application Dated March 3, 1988

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling.

a. In the Environmental Hazards section, revise the sentence "Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water" to read:

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

b. Revise the term "First Aid" to "Statement of Practical Treatment."

c. Delete the word "milk."

- d. Place the skull and crossbones and the word "Poison" (in red) on the center front panel.
  - e. Revise the referral statement to read "See side panel for additional precautionary statements."
2. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

If you have any questions concerning this letter, please contact Martha DeLaney at (703) 557-6982.

Sincerely yours,

John H. Lee

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER:** Contains methanol, which may cause blindness. Harmful or fatal if swallowed. Vapor harmful. Avoid breathing spray mist or vapors. Do not get on skin. Corrosive. Causes eye damage and skin irritations. Do not get in eyes or on clothing. Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and birds. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

**PHYSICAL OR CHEMICAL HAZARDS**

**FLAMMABLE**—Keep away from heat and flame.

**X-CIDE® 370**  
**Industrial Bactericide**

FOR USE IN INDUSTRIAL PROCESSES ONLY. NOT FOR DOMESTIC USE

**ACTIVE INGREDIENTS:**

Oxydiethylene bis (Alkyl) dimethyl ammonium chloride) 36.0%

**INERT INGREDIENTS**

64.0%  
100.0%

\*Alkyl as derived from coconut oil fatty acids

**KEEP OUT OF REACH OF CHILDREN**

**DANGER**

SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS

EPA REG. NO. 5009-B  
EPA EST. NO. 5009-MO-1; CA-1, TX-1

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For use with closed delivery systems only.

X-CIDE 370 is recommended for use in those industrial processes where a bacterial problem is clearly demonstrated. Examples include: disposal water systems, water injection systems, cooling water recirculating systems, and anaerobic type bacteria. X-CIDE 370 is very effective against aerobic, sulfate reducing bacteria that are responsible for souring. Recommended dosage for slug treatments (the preferred method) is 500 ppm. Bacterial control may be maintained on a continuous basis at 10 ppm per 1000 gallons.

**STORAGE AND DISPOSAL**

**STORAGE:** Do not contaminate water, food or feed. Pour, spill or store near heat or open flame.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely toxic. Do not discharge into any waterway. Follow label directions for disposal. Contact your local Environmental Protection Agency, or the Hazardous Waste Response Office for guidance.

**CONTAINER DISPOSAL:** Triple rinse or equivalent. Do not reuse. Do not puncture and dispose of in a sanitary manner approved by state and local authorities.

**FIRST AID**

In case of contact, immediately flush eyes or skin with water for 15 minutes. For eyes, call a physician. Remove and reuse if swallowed, drink promptly a large quantity of water. If these are not available, drink large quantities of water immediately.

**NOTE TO PHYSICIAN**

Probable mucosal damage may contraindicate the use of certain respiratory depressants. 55 US GAL AT 50°F
