## FOG APPLICATOR NOTICE

Flush the insecticide tank of the Carmel Fog Applicator immediately after each use otherwise residue from the formulation may remain in the tank and insecticide system and block the system completely causing reduced fog output and poor insect control. Flushing immediately after using is a complete answer to this problem.

- TO FLUSH:
1. Drain insecticide tank. (To avoid draining tank after fogging, pour in only required amount of insecticide and use it all in the fogging operation)
  2. Pour at least 8 ounces of Carmel Flushing Solution (FS-10) into tank. (Fuel oil may be used if flushing solution is not available.)
  3. Replace tank cap and rock applicator to loosen any residue.
  4. Start machine (outside the greenhouse) and "fog" until tank is empty.
  5. Loosen insecticide tank cap to relieve pressure.
  6. Remove chemical filter and rinse in gasoline.
- After flushing the Carmel Fog Applicator clean engine tailpipe with tailpipe brush and clean intake with special cleanout rod.

## CAUTION

Read entire label carefully. Use only as directed. Keep out of reach of children. Keep away from heat and open flame. Do not get vapor or liquid in eyes. Keep away from food and food products. May be absorbed through the skin. Avoid contact with the skin. If skin is contaminated, wash thoroughly with soap and warm water. Avoid inhalation of the fog. Always wear a gas mask of a type recommended by the U. S. Department of Agriculture for chlorinated insecticide protection. Harmful if swallowed. Contamination of waters by cleaning of equipment or disposal of waste will kill fish and wildlife. Do not reuse empty containers. In case of drums return to drum reconditioner or destroy by perforating or crushing and burying in a safe place.

## DISPOSAL

Do not reuse empty containers. Wrap container and put in trash collection.

## NOTICE

Seller makes no warranty other than specified on this label. The buyer agrees that the seller shall not be responsible or liable for injury to crop, soil, person, or property arising from careless or improper use or handling of the product. Please use in accordance with seller's directions.

## IMPORTANT STORAGE INSTRUCTIONS

If subjected to temperatures below 32°F. move container to warm storage until reaching average room temperature and thoroughly mix before use.
