

DIRECTIONS

FOGGING APPLICATION OUTDOORS:

Fog should be applied by trained personnel only.

Adult Mosquitoes and Gnats: Envelop total area to be treated with a fog. Apply 5 pints of Carmel Formula MU-14 per acre (0.05 lb. actual DDVP) to kill mosquitoes and gnats. Pay particular attention to all zones of ~~stagnation, ponds~~, etc. Fogging for mosquito control is only one phase of effective mosquito control. "Standing water" should be treated for mosquito larvae with a suitable larvicide. Do not treat areas ~~where food or~~ feed crops are growing.

Flies: Envelop a fine fog. Use fog in killing flies for many critical areas such as stables, barns, rubbish, piles, etc. Do not use in dairy barns, or livestock intended for slaughter, or in areas where food or feed crops are growing.

FOGGING APPLICATION INDOORS:

Should be applied by pest control operators only): In food processing plants, industrial plants, theaters, warehouses, horse stables, kennels, for flies, mosquitoes, wasps, gnats, and other small flying insects one gallon of Carmel Formula MU-14 to treat 64,000 cubic feet. Application should be made when plant or quarters are not in use. Humans should vacate and animals removed from premises before indoor treatment of the "fog" spray and not re-enter until premises have been ventilated. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas apply only when the facility is not in operation. During fogging indoors, a full-faced, gas-mask with Willson G 35 canister, or the U. S. Bureau of Mines recommended equivalent for protection. Extinguish all pilot lights and flames before fogging.

FORMULA MU-14

EPA Reg. No. 5011-70

An insecticide formulation for use in Dyna-Fog applicators, or other thermal aerosol fogging machines.

ACTIVE INGREDIENTS

Petroleum Distillate	99
2,2-Dichlorovinyl dimethyl phosphate	
Related compounds	

Total

WARNING

KEEP OUT OF REACH OF CHILDREN

See side panel for additional cautions.

WARNING

Poisonous by skin contact, inhalation, and swallowing. Rapidly absorbed through skin. If on skin, wash immediately with soap and water. Do not get into eyes, on skin or on clothing. In case of contact, immediately remove all contaminated clothing and flush skin or eyes with plenty of water for at least 15 minutes. For eyes, get medical attention. Do not breathe fog or spray mist. Wash thoroughly with soap and water after handling and before eating or smoking; wear clean clothing. Atropine is antidotal. Keep away from heat and open flame. Always wear a gas mask of a type recommended by the U. S. Bureau of Mines for phosphate insecticide protection.

This product is toxic to fish, birds, and other wildlife. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

NOTICE: Seller makes no warranty other than specified on this label. The buyer agrees that the seller shall not be responsible or liable for injury to crop, soil, person, or property arising from careless or improper use or handling of the product. Please use in accordance with seller's directions.

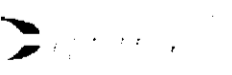

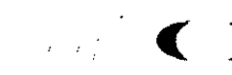

IMPORTANT STORAGE INSTRUCTIONS

If subjected to temperatures below 32° F., move container to warm storage until reaching average room temperature and thoroughly mix before use.

Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place. In case of drums: Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place.
