VEGETATION

READY TO USE

Kem Aids KEM-KIL is an excellent herbicide for use on weeds and brush in a single, highly effective application. Sprouts are killed. It penetrates through several growing seasons. Results in incorrect blending and application.

To control most weeds and grasses on sites, parking lots, loading ramps and areas. Apply 1/2 to 1 cup KEM-KIL per 1000 square feet after application. KEM-KIL can be applied with a pump sprayer or hand sprayer or sprinkling can.

Avoid spray drift around animals or desirable plants. Vapors from this product may irritate eyes. Do not contaminate water used for drinking. Do not use this equipment with a suitable chemical for other purposes. Do not re-use this container, destroy it.

This product is toxic to fish and wildlife. Keep out of lakes, streams, or ponds. Do not use when weather conditions favor drift. Do not use on equipment or disposal of wastes. Apply as directed.

ACTIVE INGREDIENTS:

- Petroleum oil
- 2,4-Dichlorophenoxyacetic acid isomer
- Bromacil (5-bromo-3-sec-butyl-6-methyl-2-pyridinylmethylamine)
