

SANITIZES — CLEANS

DEODORIZES

A multiple purpose product that contains an active germicide as well as detergent cleaning agents.

To be used on floors, walls, woodwork, wash basins, urinals, and on any surface not harmed by water. Overcomes the principal cause of offensive odors by destroying the organisms of infection. The pleasant odor of this product makes the surroundings fragrant and fresh smelling.

DIRECTIONS

FOR MOST CLEANING OPERATIONS:
Use a solution containing
three ounces to each gallon of water.
Clean in usual manner. In many
cases rinsing will be unnecessary.

FOR RESTROOMS: Use a solution of
three ounces to the gallon of water.
Wash walls and fixtures. Mop floor
area without rinsing. The solution
remaining on floor will have re-
sidual deodorizing effect and will
keep the air fresh and pleasant for
hours.

HOSPITAL USE: A solution of 5 oz.
per gallon is very effective in clean-
ing and disinfecting floor and wall
surfaces, bed pans, rubber goods
and furniture.
