Subject: PRIA Label Amendment – Revising the Precautionary Statements
Product Name: Security Floor Sanitizer
EPA Registration Number: 5174-1
Application Date: 02/20/2018
Decision Number: 538716

Dear Ms. McCombie:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Antimicrobials Division (7510P)
Office of Pesticide Programs

Enclosure: Stamped Label

ACCEPTED

07/13/2018

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 5174-1

SECURITY FLOOR SANITIZER

[Entryway,] [External Drain Area,] [and] [Floor] Sanitizer
Crystalline Formula
FOR INDUSTRIAL USE ONLY

ACTIVE INGREDIENTS:

SODIUM PERCARBONATE	79.12%
SODIUM DICHLOROISOCYANURATE, DIHYDRATE	1.09%
TETRAACETYLETHYLENEDIAMINE	0.12%
OTHER INGREDIENTS:	<u>19.67%</u>
TOTAL:	100.00%

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID	
Have the product container or label with you when calling a poison control center or doctor or going for treatment.	
IF IN EYES:	<ul style="list-style-type: none"> - Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. - Call a poison control center or doctor for treatment advice.
IF ON SKIN:	<ul style="list-style-type: none"> - Take off contaminated clothing. - Rinse skin immediately with plenty of water for 15-20 minutes. - Call a poison control center or doctor for treatment advice.
IF SWALLOWED:	<ul style="list-style-type: none"> - Call a poison control center or doctor immediately for treatment advice. - Have person sip a glass of water if able to swallow. - Do not induce vomiting unless told to by a poison control center or doctor. - Do not give anything to an unconscious person.
IF INHALED:	<ul style="list-style-type: none"> - Move person to fresh air. - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. - Call a poison control center or doctor for further treatment advice.
For general information on product use, etc., call the National Pesticides Information Center at 1-800-858-7378. For emergencies, call the poison control center 1-800-222-1222. FOR EMERGENCY MEDICAL INFORMATION IN THE U.S. AND CANADA, CALL 1-800-424-9300 (CHEMTREC Ref CCN6591)	
NOTE TO PHYSICIAN:	Probable mucosal damage may contraindicate the use of gastric lavage

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

DANGER. Corrosive. Causes irreversible eye damage. Harmful if swallowed, inhaled or absorbed through skin. Do not get in eyes or on clothing. Avoid contact with skin. Avoid breathing dust. Wear protective clothing, gloves and goggles, face shield, or safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS: Oxidizing Material: This product will slightly increase the burning rate of combustible materials.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. [Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your local State Water Board or Regional Office of the U.S. EPA.]¹

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SECURITY FLOOR SANITIZER is a crystalline sanitizer specifically formulated to improve environmental sanitation for [floors,] [entryways,] [entry mats,] [containment devices,] [drain covers,] [and] [external areas surrounding drains] where conditions allow microorganism growth and cause sanitation concerns.

SECURITY FLOOR SANITIZER is for use in [Federally Inspected Food Processing Facilities], [Federally Inspected Meat and Poultry Plants], [Dairies], [Wineries], [Breweries], [Beverage Manufacturing Facilities], [Dairy Facilities], [Swine Farms], [Poultry] [and] [Turkey] Farms, [Farm Premises], [Hatcheries], [Refrigerated Trucks], [Kennels], [Zoos], [Pet Shops], [Animal Laboratories], [Veterinary Facilities], [Animal Care Facilities], [Hospitals], [Nursing Homes], [Hotels], [Institutions], [Industrial Sites], [Schools], [Restaurants], [Food Handling and Processing Areas], [and] [Institutional kitchens].

[Apply] [Spread] [Sprinkle] SECURITY FLOOR SANITIZER evenly to [floors,] [entryways,] [entry mats,] [containment devices,] [drain covers,] [and] [external areas surrounding drains] at a minimum rate of 9.25 grams (0.33 ounces) of product per square foot of surface containing no more than 14.4 ml (0.5 fl. oz.) of water (0.64 g/1 mL of water). If the amount of water on the surface exceeds 14.4 ml (0.5 fl. oz.), increase the amount of SECURITY FLOOR SANITIZER used to ensure a minimum concentration of 2.43 kg (5.4 lbs.) of product per gallon of water (0.64 g/1 mL of water). Cover the entire surface with product and allow to remain in contact with the surface for at least five minutes. SECURITY FLOOR SANITIZER activates when it comes into contact with moisture. Reapply product as needed. Rinse product to drain after use in accordance with regulations.

SECURITY FLOOR SANITIZER has been evaluated by applying the product directly to inoculated, horizontal wet surfaces at a rate of 0.054 (±0.01) grams per square inch in 0.1 ml of water (0.54 g/1 mL of water) .

SECURITY FLOOR SANITIZER has been evaluated using the Non-Food Contact Surface Sanitizer Test and proven effective against the following organisms:

Listeria monocytogenes (ATCC 15313)
Salmonella enterica (ATCC 10708)
Escherichia coli (ATCC 11229)
Staphylococcus aureus (ATCC 6538)

Enterobacter aerogenes (ATCC 13048)
Cronobacter sakazakii (ATCC 29544)
Streptococcus agalactiae (ATCC 12386)

¹ This language is not required for containers less than 50 pounds.

PRECLEANING INSTRUCTIONS [OPTIONAL STEP]:

Remove gross soils and particulates from surface by wiping, brushing, or scraping. Add 1 oz (28 g) SECURITY FLOOR SANITIZER per 1 gal (3.8 L) of water [(or equivalent use dilution)] to make wash solution. Rinse, brush, spray, foam, or wipe wash solution onto surfaces. Let surface stand for 15 seconds to 5 minutes. [Scrub or pressure wash surface.] Rinse all surfaces thoroughly with potable water.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL

Pesticide Storage: Store in original, closed container in a dry location away from heat. Keep away from combustible materials. Collect spillage.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. Rinse product to drain after use in accordance with regulations. Do not dispose with combustible materials.

Container Disposal:

Less than 11 pounds, open-head jugs: Nonrefillable container. Do not reuse or refill this container. Completely empty container by shaking and tapping bottom and sides to loosen crystals. Empty residue into application equipment. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Dispose of jug and cap in a sanitary landfill or by incineration if allowed by state and local authorities.

Greater than 11 pounds, liners in drum: Nonrefillable container. Do not reuse or refill this container. Remove liner from drum and completely empty liner by shaking and tapping sides to loosen crystals. Empty residue into application equipment. Dispose of liner in a sanitary landfill or by incineration if allowed by state and local authorities.
