

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

DANGER

CORROSIVE. CAUSES EYE DAMAGE AND SKIN IRRITATION. DO NOT GET IN EYES, OR SKIN, OR ON CLOTHING. PROTECT EYES AND SKIN WHEN HANDLING. HARMFUL IF SWALLOWED.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water for at least 15 minutes. Call a physician.

IF ON SKIN: Wash thoroughly with soap and water. Remove and wash contaminated clothing before reuse.

IF SWALLOWED: Drink promptly a large quantity of milk, egg whites, or oil solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN

Probable mucousal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

DE VERE HELP SANITIZER

HELP is a sanitizer for the last tank. HELP leaves no film on glasses. The rich creamy head on beer lasts longer when HELP is used in the last tank. Even on the first glass of beer, a collar of foam remains after each swallow. Glasses will drain perfectly and there will be no water spotting. When used as directed, HELP is tasteless and odorless.

Approved under the regulations of the Wisconsin State Board of Health.

DIRECTIONS FOR USE

1. Scrape and prewash utensils and glasses whenever possible.
2. Wash with De Vere LIME SOLVENT.
3. Rinse with clean water.
4. Sanitize in a solution of 3/4 oz. HELP to 1 gallon of water. Immerse all utensils for at least two minutes, or for contact time specified by governing sanitary code.
5. Place sanitized utensils on a rack or drainboard to air dry.

1st TANK WASH	2nd TANK RINSE	3rd TANK SANITIZE
1 oz. LIME SOLVENT to 4 gal. water	Clear Water	Required amount of HELP Sanitizer

3/4 oz. HELP to 1 gallon of water provides 100 ppm of Dodecyl Benzene Sulfonic Acid.

Use only in stainless steel tanks. Do not mix with chlorine solutions.
