Subject: HELP Sanitizer
EPA Registration No. 5174-11
Your Submission Dated March 19, 1993

This is in response to the Material Safety Data Sheet, the revised Confidential Statement of Formula (CSF) and labeling submitted in support of the reclassification of Dodecylbenzenesulfonic acid (DDBSA) as an active ingredient.

The revised CSF agrees with the label and is acceptable. The subject product is in compliance with the current EPA Label Improvement Program.

The labeling referred to above submitted in connection with registration under Federal Insecticide, Fungicide, Rodenticide Act is acceptable subject to the following comments. Five copies of the finished labeling must be submitted prior to releasing the product for shipment bearing the amended labeling.

- 1) The statement "Do not contaminate water, food, or feed by storage or disposal" should be placed directly below the Storage and Disposal heading.
- 2) The full product name should be used all through the label, where reference is made to the name.
- 3) Delete "When used as directed, HELP is tasteless and odorless."

DE VERE HELP SANITIZER

HELP is a sanitizer for the last tank. HELP leaves no film on glasses. The rich creamy head on beer lasts longer when HELP is used in the last tank. Even on the first glass of beer, a collar of foam remains after each swallow. Glasses will drain perfectly and there will be no water spotting. When used as directed, HELP is tasteless and odorless.

Approved under the regulations of the Wisconsin State Board of Health.

DIRECTIONS FOR USE

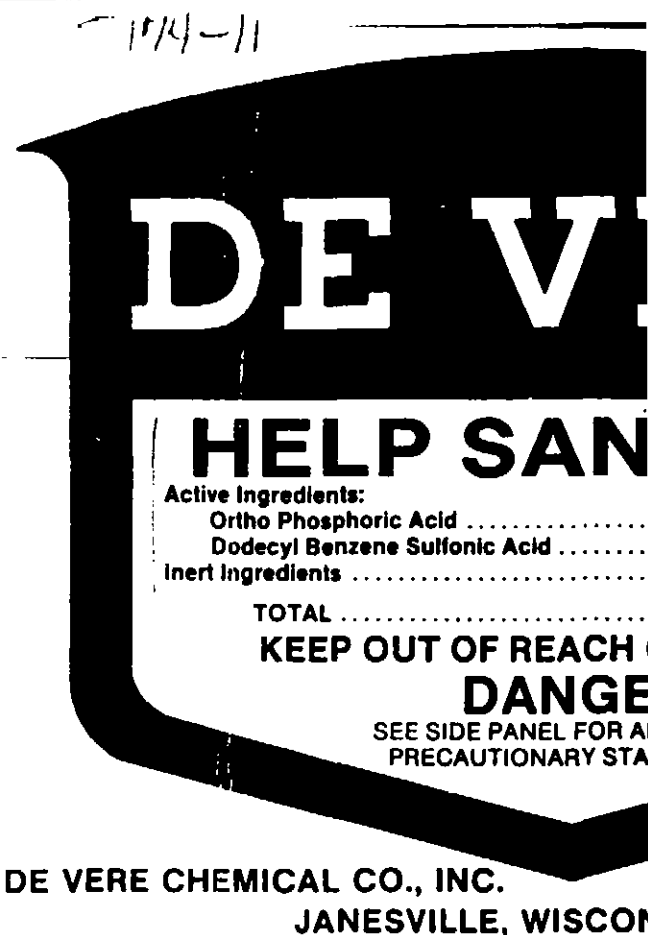

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

1. Scrape and prewash utensils and glasses whenever possible.
2. Wash with De Vere LIME SOLVENT.
3. Rinse with clean water.
4. Sanitize in a solution of 3/4 oz. HELP to 1 gallon of water. Immerse all utensils for at least two minutes, or for contact time specified by governing sanitary code.
5. Place sanitized utensils on a rack or drainboard to air dry.

1st TANK WASH	2nd TANK RINSE	3rd TANK SANITIZE
1 oz. LIME SOLVENT to 4 gal. water	Clear Water	Required amount of HELP Sanitizer

3/4 oz. HELP to 1 gallon of water provides 150 ppm of active ingredients Dodecyl Benzene Sulfonic Acid.

Use only in stainless steel tanks. Do not mix with chlorine solutions.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

DANGER

CORROSIVE. CAUSES EYE DAMAGE AND SKIN IRRITATION. DO NOT GET IN EYES, OR SKIN, OR ON CLOTHING. PROTECT EYES AND SKIN WHEN HANDLING. HARMFUL IF SWALLOWED.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Store in original container only.

DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Do not use empty container. Triple rinse (or equivalent). Dispose of in the trash.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water for at least 15 minutes. Call a physician.

IF ON SKIN: Wash thoroughly with soap and water. Remove and wash contaminated clothing before reuse.

IF SWALLOWED: Drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
