

**DE VERE CHEMICAL COMPANY, INC.**  
 JANESVILLE, WISCONSIN 53546      AREA CODE 608 752-0576

**UW-UDDER WASH** because of its high germicidal activity aids in controlling the spread of organisms which may cause mastitis and contributes to the milking sanitation program.

**DIRECTIONS FOR USE:**

Flank and Udder Washing Prior to Milking—Use 1 oz. UW-UDDER WASH to 4 gallons of warm water (110-115 F). Approximately one minute before application of the machine, wash and massage the teats and udder with this solution. Use a clean, individual paper towel for each cow. Do not dip used towel back into solution. Dry teats and udder.

**SANITIZATION OF DAIRY EQUIPMENT**

Wash equipment with a solution of HDC or HDL and rinse with clean water. Sanitize in a solution of one ounce of UW-UDDER WASH to four gallons of water (200-ppm). Immerse all utensils for at least two minutes or for contact time specified by governing sanitary code. Place sanitized utensils on a rack or drainboard to dry. Do not mix UW-UDDER WASH with soap or synthetic detergents.

**FIRST AID:**

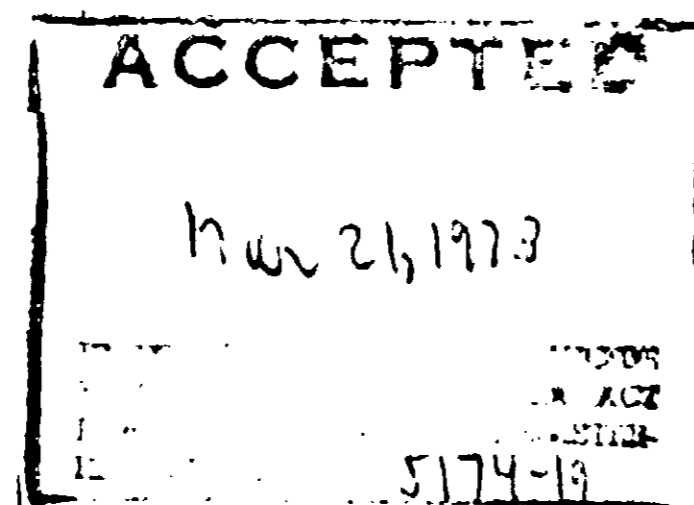

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

Rinse empty container thoroughly with water and discard.

EPA Reg. No. 5174—19

NET CONTENTS: 1 GALLON

**DE VERE**

**UW -- UDDER WASH AND SANITIZER**

**ACTIVE INGREDIENTS:**  
 Alkyl (50% C14, 40% C12,  
 10% C16) dimethyl benzyl ammonium chlorides ..... 10.0%  
**INERT INGREDIENTS:** ..... 90.0%  
**TOTAL INGREDIENTS:** ..... 100.0%

**DANGER:**  
 Keep Out of Reach of Children. Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Protect eyes and skin when handling concentrate. Harmful if swallowed.
