POISON
HARMFUL IF SWALLOWED
WASH EYES

Cameraman's Note

Poor Copy

ACTIVE INGREDIENTS:

Trichloro-s-triazinetrione 100%
(Available Chlorine 90%)

SPOT-KILL attacks and destroys all types of pool algae. **SPOT-KILL** is fast-acting and will rid your pool of unsightly algae "spots." The use of **SPOT-KILL** aids in maintaining pool water clarity and sparkle.

TO DETERMINE POOL CAPACITY

RECTANGULAR POOLS—Length times width times average depth (in feet) times 7.5 equals gallons.

ROUND AND OVAL POOLS—Long diameter times short diameter times average depth (in feet) times 5.9 equals gallons.

DIRECTIONS

Shut off filter pump and allow pool water to become stationary. Sprinkle **SPOT-KILL** where algae growth appears, both along pool walls and over surface of water. For heavy algae growth, use 2 pounds per 10,000 gallons of water. For light algae growth use 1 pound per 10,000 gallons of water. Turn on pump after six hours. Do not use pool until chlorine residual falls below 3 ppm.

CAUTION: This product is compatible with all chemicals normally used in swimming pool maintenance; however, **THIS CHEMICAL SHOULD NEVER BE MIXED WITH OTHER PRODUCTS AS A DANGEROUS REACTION MAY OCCUR.** **SPOT-KILL SUPER ALGAE DESTROYER** is not recommended for use in vinyl liner or painted pools.

POISON

ANTIDOTE: Call a physician.

EXTERNAL: For skin, immediately flood with large amounts of water. For eyes, flush with water for 15 minutes and obtain medical attention.

INTERNAL: Take large amounts of milk, followed by olive oil or cooking oil.

DANGER: Irritating to skin and eyes. Strong oxidizing material. Contact with heat, moisture or foreign materials may result in fire. Will burn with the evolution of irritating and hazardous gases. Store in cool dry place. Keep away from heat or open flame. Avoid contact with skin and eyes. Avoid breathing dust. **DO NOT TAKE INTERNALLY!**

Harmful if swallowed. Wear goggles and rubber gloves when handling. Do not reuse container. Destroy when empty.

KEEP OUT OF REACH OF CHILDREN

(90%)

SPOT-KILL attacks and destroys all types of pool algae. **SPOT-KILL** fast acting and will rid your pool of unsightly algae "spots". The use of **SPOT-KILL** aids in maintaining proper water clarity and sparkle.

TO DETERMINE POOL CAPACITY

RECTANGULAR POOLS Length in feet times 7.5 equals gallons.

ROUND AND OVAL POOLS Length in feet times average depth in feet times 7.5 equals gallons.

DIRECTIONS

Turn off the pump and allow pool of water to settle. Sprinkle **SPOT-KILL** where algae growth appeared on the pool's surface of water. For heavy algae growth use 2 pounds per 10,000 gallons of water. For light algae growth use 1 pound per 10,000 gallons of water. Do not pump water until the pool is clear. Run pump until chlorine level is 3 ppm.

CAUTION: This product is incompatible with other chemicals. Do not swim in pool until residue has been removed. **THIS CHEMICAL SHOULD NEVER BE MIXED WITH OTHER PRODUCTS AS A DANGEROUS REACTION MAY OCCUR.** **SPOT-KILL SUPER ALGAE DESTROYER** is recommended for use in vinyl lined pools and fiberglass.

POISON

ANTIDOTE: See back panel

EXTERNAL: For skin contact, wash with large amounts of water. For eyes, flush with water for 15 minutes and observe eye condition.

INTERNAL: For ingestion, drink large amounts of water. Do not induce vomiting.

DANGER: See back panel

Keep this product out of reach of children. Do not use in swimming pools. Do not use in hot tubs. Do not use in ponds. Do not use in fountains. Do not use in water features. Do not use in waterfalls. Do not use in water gardens. Do not use in water features.
