BIOGUARD SL-25 Hospital Spray Disinfectant kills Influenza A₂ virus, Herpes Simplex Virus Type 2, the T.B. Bacillus, deadly Staphylococci, Streptococci, Salmonella, Trichomonas interdigitalis (athlete's foot fungus) and other germs on environmental surfaces.

Spray regularly to eliminate most germs from beds, beds, bed springs, bed rails, bedside tables, bathroom basins, toilet seats, shower stalls, bathtubs, telephones, door handles, light switches, plumbing and plumbing fixtures, window blinds, empty hamper, waste receptacles, sills, walls, closets, places where germs may be a problem. The aerosol spray penetrates areas hard to reach with non-propelled liquid disinfectants.

PREVENTS MOLD AND MILDEW.

Use in basements, closets, laundry rooms, summer cottages, boats, storage areas, shower stalls. Excellent for preventing mold and mildew on mattresses, pillows, shower curtains, painted surfaces, tiled walls, curtains and similar surfaces. For mildew control follow directions for disinfection. Application should be repeated once a week or when new growth appears on hard surfaces.

DIRECTIONS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Surface should be cleaned prior to application.

TO DISINFECT, hold can upright, 6" to 8" from surface. Spray surface 2 to 3 seconds or until covered with fine mist. Let dry on surface. Avoid spraying lacquered or shellacked surfaces.

TO DEODORIZE, hold can upright and spray into center of room 1 to 2 seconds.

STORAGE: Store in a cool area.

DISPOSAL: Replace cap on empty container and discard in trash.
