*1.2% of active ingredient is sodium methoxy phosphate

CAUTION KEEP OUT OF REACH OF CHILDREN

See other warnings on side panel

EPA Reg. No. 5185-198

DAIRY BARN FOGGERS — Resistant and Non-Resistant Houseflies, Lesser Houseflies, Mosquitoes, Gnats: Use approximately 1 ounce of Bio-Sec N-100 Fly & Mosquito Spray to 3000 cubic feet of space. Close all doors and windows where possible before fogging. Cows may be in barn during fogging operations. Apply around and above animals but not directly at animals.

POULTRY PROCESSING AND PACKING PLANTS: Around Outside and in Inhabitable Product Areas Inside.

Buildings — Direct spray throughout the fly infested areas. Repeat as necessary. Exposed food products and packaging materials must be removed from the room or protected. After using this material, equipment and utensils must be thoroughly rinsed with potable water before operations are resumed.

WINERIES, CANNERIES, CIDER MILLS, FOOD PROCESSING PLANTS, LOADING DOCKS, CULL PILES, REFUSE AREAS: Drosophila (Fruit Fly) — Spray as necessary contacting walls, floors, doorways, windows, refuse piles and cull piles except those for stock feed. Avoid contamination of feeds, food-stuffs and food processing machinery.

ROACHES (Water Bugs) — For Control of All Species of Resistant and Non-Resistant Cock-roaches, including German, Brown-Banded, Oriental and American Roaches in and around Dwellings, Dairies, Barns and Other Buildings where Roaches Exist — Apply as a coarse spray to areas infested by roaches to contact insects as much as possible. Treat daily or as necessary, applying to cracks, crevices, hiding places and adjacent exposed surfaces where insects may be contacted.

CONDITIONS OF SALE: 1. Bio-Lab, Inc. warrants that this material conforms to the chemical description on the label and is reasonably fit for use as directed hereon. It neither makes, nor authorizes any agent or representative to make, any other warranty of FITNESS or of MERCHANTABILITY, guarantee or representation, express or implied, concerning this material.

2. Critical and unforeseeable factors beyond Bio-Lab, Inc.'s control prevent it from eliminating all risks in connection with the use of chemicals. Such risks include, but are not limited to, damage to plants and crops to which the material is applied, lack of complete control, and damage caused by drift to other plants or crops. Such risks occur even though the product is reasonably fit for the uses stated hereon and even though label directions are followed. Buyer and user acknowledge and assume all risks and liability (except those assumed by Bio-Lab, Inc. under 1 above) resulting from handling, storage, and use of this material.
