

This DISINFECTANT is effective against a wide variety of gram-positive and gram-negative bacteria and pathogenic fungi.

This DISINFECTANT is also an excellent deodorant. It is especially advantageous to control odors that are bacterial in origin.

This DISINFECTANT mixes readily with water and makes a clear, stable solution. In use dilution, it is non-corrosive and non-staining to plastic, vinyl, synthetics, enamel, tile and most common metals. Has a pleasant lemon odor.

DIRECTIONS

Use in hospitals, public rooms, homes, restaurants, barber and beauty shops and pet animal quarters for general disinfection of walls, floors, glass, metal, plastic, porcelain, synthetics and finished wood surfaces and furnishings.

FOR DISINFECTION

1. Flush away surface soils with water where possible.
