SPOT-KILL 56 ALGAE DESTROYER kills all types of pool algae. When used as directed, SPOT-KILL 56 ALGAE DESTROYER will rid your pool of unsightly algae "spots."

DIRECTIONS

This product is intended for use in swimming pools.

Shut off filter pump, brush wall-clinging algae vigorously, then allow pool water to become stationary. Sprinkle SPOT-KILL 56 ALGAE DESTROYER where algae growth appears, both along pool walls and over surface of water. For heavy algae growth use 2 pounds per 10,000 gallons of water. For light algae growth, use 1 pound per 10,000 gallons of water. Turn on pump after six hours. Do not use pool until chlorine residual falls below 3 ppm.

After treatment (usually the next morning), remove dead algae growths by brushing or scraping. If visible, living algae is still present after brushing, repeat treatment with SPOT-KILL 56 ALGAE DESTROYER. Do not use until chlorine residual falls below 3 ppm.

CAUTION: This product is compatible with all chemicals normally used in swimming pool maintenance, however, THIS CHEMICAL SHOULD NEVER BE MIXED WITH OTHER PRODUCTS AS A DANGEROUS REACTIC MAY OCCUR.

DANGER:

ANTIDOTE: Call a physician.

EXTERNAL: For skin and eyes, immediately flood with large amounts of water.

INTERNAL: Take large amounts of milk, followed by olive oil or cooking oil.

DANGER: Irritating to skin and eyes. Strong oxidizing material. Contact with heat, moisture or foreign materials may result in fire. Will burn with the evolution of irritating and hazardous gases. Store in a cool dry place. Keep away from heat or open flame. Avoid contact with skin and eyes. Avoid breathing dust. Harmful or fatal if swallowed.

Rinse empty container thoroughly with water and discard it.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Apply this product only as specified on this label.

TO DETERMINE POOL CAPACITY:

Rectangular Pools - Length times width times depth (in feet) times 7.5 equals gallons.

Round and Oval Pool - Long diameter times short diameter times average depth (in feet) times 5.9 equals gallons.
