Hospital Spray Disinfectant kills influenza A<sub>2</sub> virus, the T. B. Bacillus, deadly Staphylococci, Streptococci, Salmonella, Trichophyton interdigitale (the athlete's foot fungus) and other germs on environmental surfaces.

Spray regularly to eliminate most germs from bedsteads, bed springs, bed rails, bedside tables, bathroom basins, toilet seats, shower stalls, bathtubs, telephones, door handles, light switches, plumbing and plumbing fixtures, window blinds, empty hampers, waste receptacles, sills, walls, closets, soles of shoes for decontamination—places where germs may be a problem. The aerosol spray penetrates areas hard to reach.

### PREVENTS MOLD AND MILDEW.

Use in basements, closets, laundry rooms, summer cottages, boats, storage areas, shower stalls. Excellent for preventing mold and mildew on mattresses, pillows, shower curtains, painted surfaces, tiled walls, curtains and similar surfaces. For mildew control follow directions for disinfection. Application should be repeated once a week or when new growth appears on hard surfaces. Surfaces should be cleaned prior to application.
