RE: Label Amendment Dated August 6, 2010
Product Name: Automatic Toilet Cleaner Tabs
EPA Registration Number: 5185-446

Dear Mr. Jernigan:

The Agency has reviewed your submission submitted in accordance with continuing registration under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA), as amended, and determined the action to be acceptable with the following conditions:

- Rephrase the third marketing claim: "Kills 99.9% of all odor-causing germs in the bowl water" to "Kills 99.9% of all odor-causing bacteria in the bowl water".
- Under Storage and Disposal, correct the spelling of "or" and add "or place in trash collection" after "Offer for recycling, if available."
- Under Hazards to Humans, change "Wash thoroughly with soap and water after handling" to "Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet."

In summary, your request to move the First Aid statement to the back to the small retail package and update the container disposal section is approved.

A stamped copy of the labeling accepted with conditions is enclosed. Submit one copy of your final printed labeling before distributing or selling the product bearing the revised labeling. Should you have any questions or comments concerning this letter, please call Tom Luminello at (703) 308-8075.

Sincerely,

A handwritten signature in black ink, appearing to read "Wanda Y. Henson", is written over the typed name.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

TO CLEAN AND DEODORIZE:

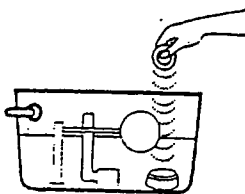

{One of the following sets of directions will be used on label}

[For best results, start with a clean toilet bowl. Cut open child-resistant pouch. Do not touch tablet directly. Flush toilet. When water level in tank is low, place tablet into the right rear corner of the tank. When tablet has dissolved, add a new tablet.]

{or}

[For best results, clean the toilet bowl thoroughly, including under the rim. Cut open package. Do not touch tablet directly. Flush toilet. When water level in the tank is low, place tablet into the right rear corner of the tank. When tablet has dissolved, replace with a new tablet.]

{The following graphic of placing the tablet in the toilet tank will be optional and the design of the graphic can be customized}

Tablets should be used in toilets that are flushed daily.

STORAGE AND DISPOSAL: Store in a cool dry place. Do not open package until ready to use. Keep away from children.

Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available, *or place in trash collection.*

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: DANGER: Highly Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed. Irritating to nose and throat. Do not get in eyes, on skin or on clothing. Wash thoroughly with soap and water after handling *and before eating, drinking, chewing gum, using tobacco, or using the toilet.*

PHYSICAL OR CHEMICAL HAZARDS

STRONG OXIDIZING AGENT: Do not mix with other chemicals. Do not use with other cleaning or household chemicals, including acids and ammonia.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice. **IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [IN CASE OF MEDICAL EMERGENCY, CALL [1-303-623-5716] [1-877-800-5553] [telephone number supplied by supplemental registrant].]**

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.
