Attention: Mark S. Cohen
 Director of Technical Services

Subject: VIRO-PHENE
 EPA Registration No. 5197-40
 MOU Compliance Amendment dated October 28, 1994

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, will be acceptable provided that you make the labeling changes listed below before you release the product for shipping bearing the amended label.

1. Under Disinfecting, remove air ducts from list.
2. Under the Statement of Practical Treatment, remove the instructions for vomiting. Replace the following: "If swallowed, drink large quantities of water."

A stamped copy of your labeling is enclosed for your records. Submit 5 copies of the final label prior to releasing the product for marketing.

If you have any questions concerning this letter, please contact Wanda Mitchell at (703) 305-6141.

Sincerely yours,

WCF

Walter C. Francis

*Inactivates influenza virus A1 and A2 on environmental surfaces.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean critical or semi-critical medical devices prior to sterilization or high level disinfection.

Deodorizing and Air Sanitizing - Destroys and eliminates unpleasant odors such as food putrefactions, perspiration, smoke, garlic, etc. Sanitizes air in enclosed areas. Use as received. Do not dilute. Spray VIRO-PHENE toward the ceiling until a light fog covers the entire area, using a good atomizing-type sprayer. Repeat before and after use by numbers of people to reduce airborne bacteria. Wait two hours after fogging before entering the area.

Disinfecting - VIRO-PHENE is a powerful hospital disinfectant for such surfaces as air ducts, metal bed frames and springs, clean-up carts and hampers. Use concentrated VIRO-PHENE. Holding the dispenser about 12" to 14" from surface to be disinfected, spray until the surface is wet. Allow to remain on the surface for at least 10 minutes and allow to air dry.

- 27 -

VIRO-PHENE controls athlete's foot fungi and is an efficient deodorant and disinfectant and acts on germ-laden surfaces such as laundry chutes, hospital light switches, toilet seats, wash basins, urinals, telephones, door knobs, refuse cans, office machinery and other equipment after the surface has been cleaned thoroughly.

[storage and disposal statements for 2 gallon and larger]:

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: KEEP THE CONTAINER CLOSED. Store in a cool, dry area away from heat or open flame.

PESTICIDE DISPOSAL - Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL

Plastic Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of the smoke.

Metal Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

[storage and disposal statements for 1 gallon and smaller]:

STORAGE AND DISPOSAL

STORAGE: KEEP THE CONTAINER CLOSED. Store in the original container in a cool, dry area inaccessible to children and pets, and away from heat or open flame.

PESTICIDE DISPOSAL - Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL - Do not reuse container. Rinse thoroughly before discarding in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Harmful if swallowed. Causes eye irritation. Do not get in eyes. Avoid inhalation of mist. Do not use on surfaces that will come in prolonged contact with the skin.

PHYSICAL OR CHEMICAL HAZARD

FLAMMABLE: Do not use, pour, spill or store near heaters or open flame.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. If possible, vomiting should be induced under medical supervision. Drink one or two glasses of water and induce vomiting by touching the back of the throat with a finger. Do not induce vomiting or give anything by mouth to an unconscious person.

IF INHALED: Remove the victim to fresh air. Apply artificial respiration if needed. **IF ON SKIN:** Remove contaminated clothing and wash affected areas with soap and water. **IF IN EYES:** Flush the eyes with plenty of water and get medical attention.

For medical or environmental emergencies, call 214-438-1381.
