bioMeT* 611

bioMeT 611 Disinfectant is a durable bactericide and antifungal (mildew and mold) composition for use as a mop-water additive for washing and disinfecting floors, walls, etc.

When used according to directions bioMeT 611 Disinfectant effectively reduces the number of, and prevents further growth of, many infectious organisms.

DIRECTIONS FOR USE

1. As a mop-water additive use one fluid ounce per gallon of water. Mix well.
2. For cleaning lavatories, use 2 fluid ounces per gallon of water. Mix well.
