### PRECAUTIONARY STATEMENTS

**HAZARD TO HUMANS:** Corrosive - Causes severe skin and eye irritation. Do not get on skin, clothing or in eyes. Wear a face shield and rubber gloves when handling. Handle in a well ventilated area whenever possible. When handling in confined areas, wear protective clothing and a pesticide respirator jointly approved by the Mining Enforcement and Safety Administration (formerly the U.S. Bureau of Mines) and by the National Institute for Occupational Safety and Health under provisions of 30 CFR 11. Harmful if swallowed or absorbed through the skin or inhaled. Do not breathe vapors. Wash thoroughly after handling. Remove and wash contaminated clothing before reuse.

**FIRST AID:** In case of contact immediately flush eyes or skin with plenty of water for at least 15 minutes. Get medical attention. If swallowed drink promptly a large quantity of milk, egg white, gelatin solution or if these are not available drink large quantities of water. Avoid alcohol. Get medical attention.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

**ENVIRONMENTAL HAZARD:** This pesticide is toxic to wildlife and fish. Do not discharge into lakes, streams, ponds or public water unless in accordance with an NPDES permit. For guidance, contact your Regional Office of the EPA.

**PHYSICAL OR CHEMICAL HAZARDS:** Do not use or store near heat or open flame.
