MISTER THINZIT™
 For

MILLWORK—ALL LUMBER PRODUCTS
SHINGLES—TRELLISES—FENCES
OUTDOOR FURNITURE—BUILDING SIDING

Ready to use MISTER THINZIT™ is especially made for the wood as a protective coating for unfinished wood, which is not painted or otherwise finished. The use of this product will reduce wood shrinkage, warping, swelling, cracking, and wood dimensional change caused by wood moisture absorption. Treatment of the wood with this powder will protect it from insect attacks and fungi that treat the wood with their attacks. These insects

Here's How
MISTER THINZIT™
 Works
CONTROLS WARPING AND SWELLING

MISTER THINZIT™ gives the wood a protective coating that will prevent warping, swelling, cracking or shrinking of wood. It is especially suited for use on outdoor furniture, fences, trellises, and millwork. MISTER THINZIT™ is a powder that is easy to apply and does not require special equipment. It is easy to use and does not require special equipment. It is easy to use and does not require special equipment.

EXTERIOR PAINTS LAST LONGER

Protects exterior paint from the sun and rain. Prevents peeling, cracking, and fading. Keeps paint looking like new for a longer time.

STOPS WOOD ROT

MISTER THINZIT™ stops wood rot by killing the fungi that cause it. It is especially effective on outdoor furniture, fences, trellises, and millwork.

KILLS AND PREVENTS INSECTS

Treatment with MISTER THINZIT™ kills and prevents insects from eating the wood. It is especially effective on outdoor furniture, fences, trellises, and millwork.

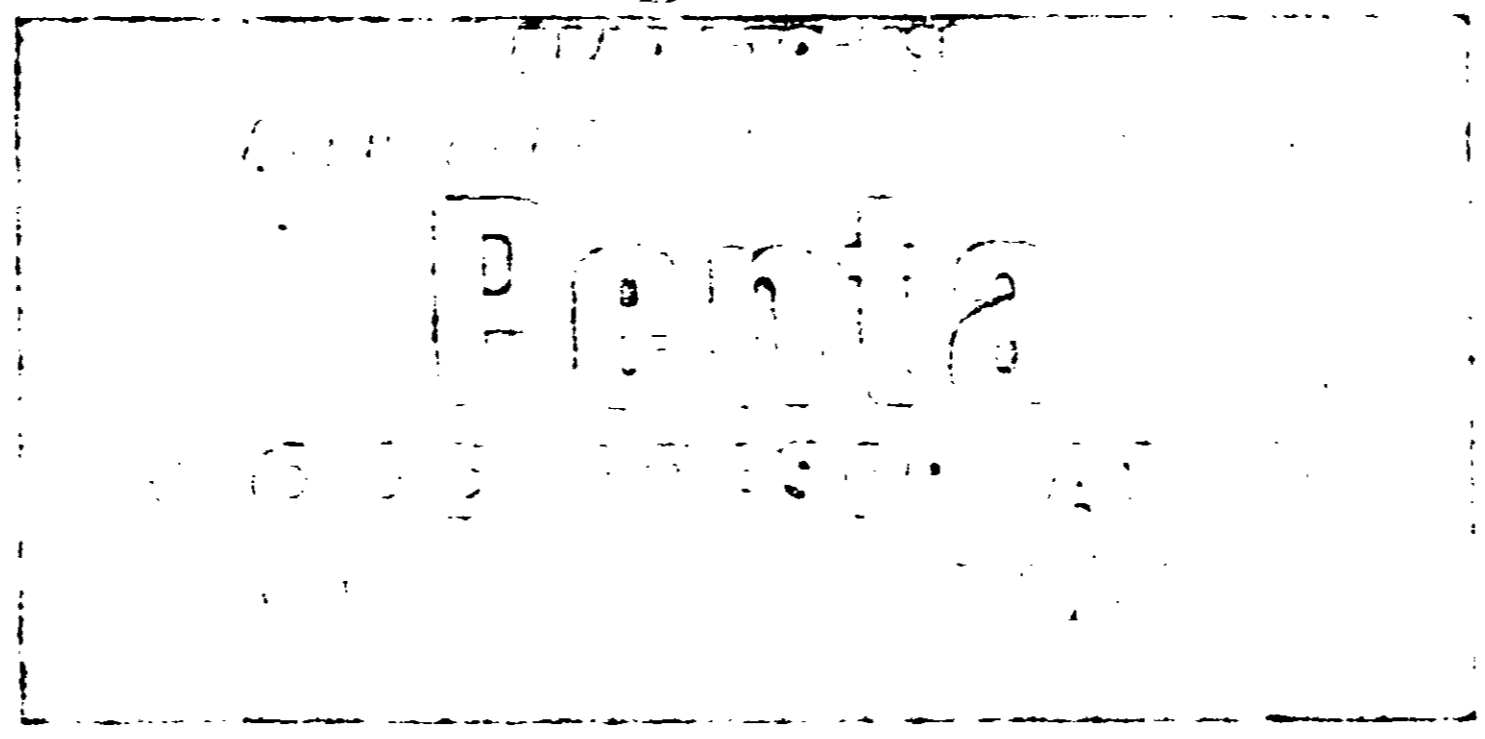

AVERAGE COVERAGE

1 gallon covers approximately 100 square feet of wood. For best results, apply to clean, dry wood.

DIRECTIONS FOR USE
PREPARE WOOD FIRST

1. Prepare wood surface by sanding, planing, or otherwise making it smooth and free of dirt, oil, and other foreign matter.
2. Be sure wood is dry and free of moisture before applying MISTER THINZIT™.
3. Apply MISTER THINZIT™ to wood surface with brush, spray, or powder applicator.

APPLICATION

IMMERSION TREATMENT: Immerse wood in a solution of MISTER THINZIT™ and water. The solution should be prepared according to the instructions on the side panel. Immerse wood for 24 hours.

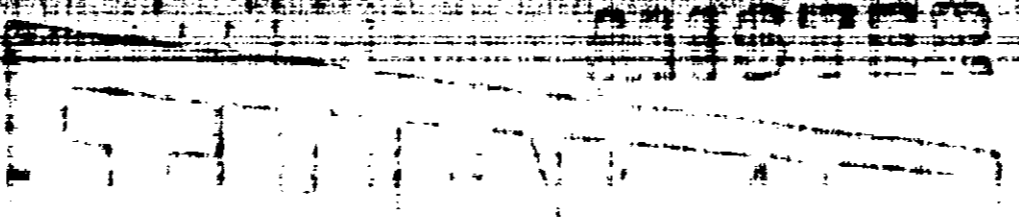

BRUSH OR SPRAY TREATMENT: Apply MISTER THINZIT™ to wood surface with brush or spray. Apply to all surfaces of wood. Allow to dry for 24 hours.

WARNING

Keep out of reach of children. Do not use in enclosed spaces. Avoid contact with skin and eyes. If contact occurs, wash with water. If swallowed, do not induce vomiting. Call a doctor immediately. For more information, see the side panel.

For

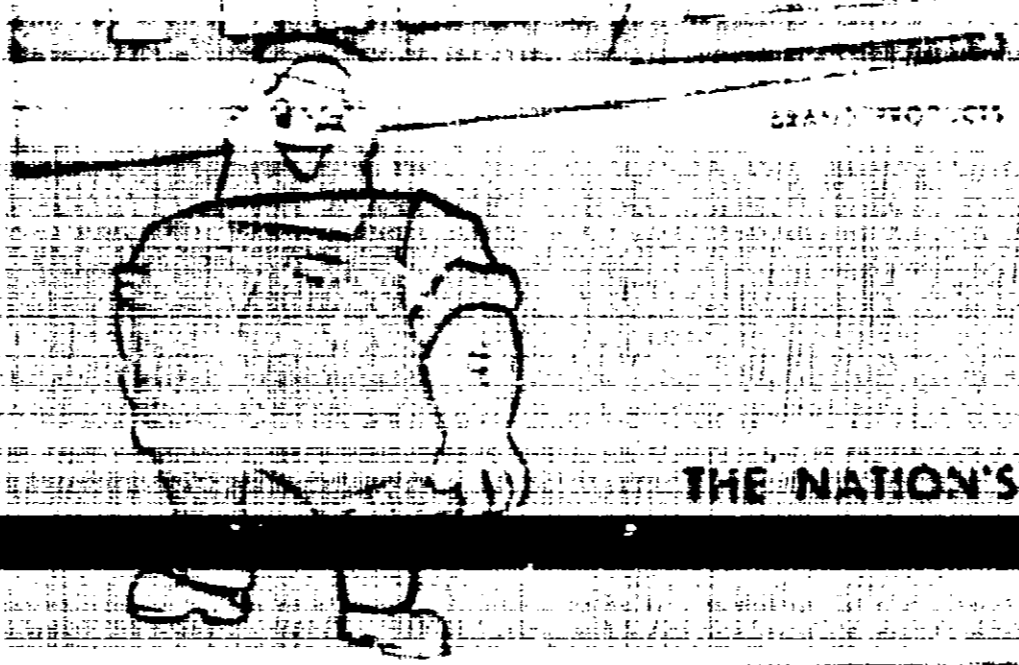

DIRECTIONS

FOR USE

PREPARE WOOD FIRST

Remove loose paint, dirt, and debris. Allow wood to dry for 24 hours.

Read, To Use: MISTER THINZIT™ is a penetrating wood preservative that kills and prevents wood-boring insects and wood-eating fungi. It also helps to prevent wood from rotting. The treated wood is protected from attack by these insects.

BRAND PRODUCTS

APPLICATION

IMERSION TREATMENT

For all outdoor wood, immerse in solution of MISTER THINZIT™ and water. Allow wood to dry for 24 hours before use.

BRUSH OR SPRAY TREATMENT

For all outdoor wood, brush or spray with solution of MISTER THINZIT™ and water. Allow wood to dry for 24 hours before use.

Here's How
MISTER THINZIT™
Works

CONTROLS WARPING

MISTER THINZIT™ helps to control warping of wood. The consistency of wood, by reducing the shrinkage of wood in service is greatly reduced. Penetrating MISTER THINZIT™ helps maintain the wood's natural moisture content.

EXTERIOR PAINTS LAST LONGER

Exterior paints last longer on wood treated with MISTER THINZIT™. The preservative helps to prevent wood from rotting and warping, which can cause paint to peel and crack.

STOPS WOOD ROT

MISTER THINZIT™ stops wood rot by penetrating the wood and killing the fungi that cause it. It also helps to prevent wood from rotting in the future.

KILLS AND PREVENTS INSECTS

MISTER THINZIT™ kills and prevents wood-boring insects and wood-eating fungi. It also helps to prevent wood from rotting and warping.

AVERAGE COVERAGE

One gallon of MISTER THINZIT™ covers approximately 100 square feet of wood.
