CAUTION: Keep out of reach of children. Do not contaminate used for domestic or irrigation purposes. Avoid inhalation with skin, eyes and clothing, or contamination of food or hands after using. Do not store near fertilizer, insecticides, or fungicides. Do not allow dust to drift onto susceptible plants, vegetables, etc. Warnings from this product apply to stoloniferous grasses (those with underground stems), Bermuda or St. Augustine. Do not use on clover if it to remain in the lawn. Certain desirable grasses may brown but will recover after a short period if the product is used as directed.

(Back of Container)  
Directions for Use

M. N. A. WEED KILLEN is a combination of 2, 4-D and silver and light weight inert carrier. Its function is to control weeds...

Plantain	Dandelion	Wild Oat
Blackberry	Common Chickweed	Wild Onion
Thistle	Mouse-eared Chickweed	Big Weed
Ray Weed	Sour Grass	Lamb's Quarters
White Clover	Flower	8-leaf clover

The combination of ingredients is very effective, and it is safe to use on lawns. The dry granular form is safer to use...

M. N. A. WEED KILLEN can be used in Spring, Summer or Fall. Results appear within 7-10 days after application. This product should be distributed uniformly and to the granules on the leaves of weeds. The following suggestions...

1. The contents of this bag are to cover a 10,000 sq. ft. area.
2. This can be applied using a spreader. Apply to provide sufficient leaf surface to be treated.
3. Sprinkle evenly over the application or apply after rain.
4. Delay application when rain is predicted.
5. Do not water lawn for 24 hours after application.
6. Avoid application on windy days to avoid drift. Do not treat desirable grasses or lawns after mowing.
