ACTIVE INGREDIENTS

Chlorpyrifos, O,O-Diethyl O-(3,5,6-trichloro-2-pyridyl) phosphorothioate 0.5%

INERT INGREDIENTS

99.5%

* DURSBAN, trademark of The Dow Chemical Company

U.S. Patent No. 3,244,586

E.P.A. REG. NO. 5098-20

CAUTION KEEP OUT OF REACH OF CHILDREN

MAY BE HARMFUL IF SWALLOWED

AVOID EYE CONTACT. FLUSH CONTAMINATED EYES WITH PLENTY OF WATER AND GET MEDICAL ATTENTION IF IRRITATION PERSISTS. WASH THOROUGHLY AFTER HANDLING. WASH CONTAMINATED CLOTHING BEFORE REUSE. KEEP AWAY FROM FOOD, FEEDS, CUPS, AND DOMESTIC WATER SUPPLIES.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Symptoms include: Atropine is contraindicated.

USE PRECAUTIONS

AVOID SKIN CONTACT

Do not use if you are wearing gloves, clothing, or shoes that are contaminated with this product. Wash hands thoroughly with soap and water after handling. Do not use if you are wearing clothing that is contaminated with this product. Wash clothing before reuse.

USE WITH CARE AND ENVIRONMENTAL CAUTIONS

Do not use if you are wearing clothing that is contaminated with this product. Wash clothing before reuse.

DIRECTIONS FOR USE

Apply **DURSBAN GRANULAR** insecticide uniformly to home lawns and other ornamental and recreational turf grass areas using a hand or power operated gravity or rotary type spreader designed for application of granular materials. Treat when insects first appear and are actively feeding near the soil surface. To help obtain uniform distribution, apply one half the required amount of product in one direction, then apply the balance at a right angle. Immediately after application sprinkle the turf with 30 gallons of water per 1,000 square feet to wash the granules into the zone of insect infestation.

To control Chinch Bugs, Sod Webworms (Lawn Moths), Ants, Brown Dog Ticks and Cutworms apply **DURSBAN GRANULAR** at a rate of 5 pounds per 1,000 square feet. To control certain white grubs (larvae of European chaffer and Japanese beetle) apply **DURSBAN GRANULAR** at the rate of 10 pounds per 1,000 square feet.

To control Hyperodes (turftress) weevils, apply **DURSBAN GRANULAR** at the rate of 10 pounds per 1,000 square feet in mid August and again in mid May.
