DIRECTIONS

SUBTERRANEAN TERMITES:
(F.H.A.) For trench and spot treatments to create chemical barriers dilute 3 gallons Maclean's Lindane-13% Emulsifiable with 42 gallons of water.

Along foundations and around piers dig a narrow trench no deeper than the top of the footings or to a maximum depth of 30 inches. If less than 15 inches deep apply 1 gallon per 5 lineal ft. Refill trench then apply another gallon per 5 lineal ft. to the fill. Cover this with a layer of soil. If trench is deeper than 15 inches double the above dosages.

MACLEAN'S LINDANE-13%

EMULSIFIABLE INGREDIENTS

Active Ingredients:
 Gamma Isomer of Benzene Hexachloride (from Lindane)13.1%
 Aromatic Petroleum Derivative solvent81.9%
Inert Ingredients: 5.0%
 (Contains 1 lb. Lindane per gallon)

CAUTION: KEEP OUT OF REACH OF CHILDREN.

May be absorbed through skin.

Avoid breathing spray mist. Avoid contact with skin. In case of contact, wash immediately with soap and water. Avoid contamination of food and food stuffs. Do not use on household pets or humans. Harmful if swallowed. Rinse equipment and containers and dispose of wastes by burying in non-crop lands away from water supplies. Containers should be disposed of by punching holes in them and burying with wastes.

DO NOT STORE NEAR HEAT OR OPEN FLAME.

Maclean's Lindane-13% Emulsifiable is a liquid formulation, emulsifiable with water for use with conventional spray equipment, useful in the control of subterranean termites.

MADE BY
NEIL A. MACLEAN CO. INC.
 1536 INDUSTRIAL WAY, BELMONT (S. F. AREA), CALIFORNIA
 FRESNO EL MONTE (L. A. AREA)

Under attached porches and under similar construction apply dilute mixture to soil surface at the rate of 1 gallon per 10 square ft. Where concrete slabs are to be laid, apply to soil surface at rate of 1 gallon per 10 square feet, but to critical areas, such as along inside of foundation walls, apply at rate of 2 gallons per 5 lineal feet by the trench method described above. Spot treat around sewer pipes, conduits, etc. at 2 gallons per 10 sq. ft.

An annual inspection should be made of all treated areas.

Seller makes no warranty of any kind, express or implied, concerning the use of this product. Buyer assumes all risk of use or handling, whether in accordance with directions or not.
