

Apply only as specified on this label.

#### DIRECTIONS

This product is a ready-to-use formulation which when applied as specified with aid in the control of the "household pests" listed below. Apply this material as a spot treatment only using a coarse spray to just wet the areas to be treated. Repeat treatments as necessary.

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving area while food is exposed.

Do not allow children in treated areas until surfaces are dry.

**Cockroaches (Waterbugs), Silverfish, Ants, and Spiders:**

Treat thoroughly infested areas such as cracks and crevices, baseboards, behind shelving, stoves, refrigerators, beneath sinks and cabinets, around water pipes and other locations where these pests may enter or hide.

When treating cabinets in which food or food handling utensils (including cutting boards) are present or to be stored, remove these items from the cabinets and any old shelving paper. Spray the interior of the cabinets and shelving including cracks and crevices and allow to dry. Line shelves with new paper before replacing removed items. Contaminated food products, whether by insects or spray, should be disposed of properly and not replaced in cabinets. All food handling utensils and surfaces which may have become contaminated during treatment should be washed thoroughly with soap and water prior to use.

**Flies, Mosquitoes, Wasps and Flying Moths, outdoors:**

For outdoor use only as an aid in reducing annoyance from these pests. Apply generously as a localized spray to the outside surfaces of doors, screens, window frames or wherever these insects may enter buildings. Also treat surfaces around outdoor light fixtures on porches and other surfaces where these insects may alight or congregate.

For wasps, spray in evening when insects are less active and return to the nest.

A Ready-to-Use Household Insect Spray

#### ACTIVE INGREDIENTS:

Aliphatic Petroleum Hydrocarbons .....	93.75%
Aromatic Petroleum Solvent .....	4.15%
Technical Piperonyl Butoxide* .....	0.73%
Beta-Butoxy Beta'-Thiocyano Diethyl Ether .....	0.66%
O,O-Diethyl O-(2-Isopropyl-4-Methyl-6-Pyrimidinyl) Phosphorothioate .....	0.50%
Pyrethrins .....	0.07%
<b>INERT INGREDIENTS .....</b>	<b>0.14%</b>

\*Equivalent to 0.58% (butylcarbityl) (6-propylpiperonyl) ether and 0.15% related compounds

EPA Reg. No. 5316-26-AA

#### CAUTION:

**KEEP OUT OF REACH OF CHILDREN**

See side panel for additional cautions
