

DIRECTIONS

PRO-CON makes the full gallon ready to use spray. Mix 1 part concentrate to 7 part water. Mix only as required for immediate use. Apply with any type pump or air-pressure sprayer.

PESTS	AREA	NOTES
Roaches & Waterbugs	Kitchen & Bathroom	Spray or brush heavily all infested cracks and crevices, baseboards, around all kitchen and bathroom plumbing. Spray in and around garbage containers. Repeat as necessary.
Ants	In Buildings	Spray or brush across window and door sills and outside along foundation of building.
	In Yard	Spray or pour directly into ant hills.
Brown Dog Ticks & Fleas	In Dog House	Spray baseboards, cracks, crevices and other localized areas of floors and sleeping quarters of pets. New bedding should be provided for pets after treating quarters. Do not spray directly on animals.
	In Dog Yard	Spray infested area heavily. Keep children and pets away until dry.
Chinch Bugs	Lawn (St. Augustine Grass)	Thoroughly wet grass a few hours before applying. Mix 1 pint PRO-CON with 6 gallons of water to cover approximately 1000 sq. feet.
Silverfish	Buildings and Attic	Spray infested area heavily. Repeat as necessary.

CAUTION: Do not permit children or pets to go into the sprayed grass until the spray has completely dried. Highly toxic to fish and wildlife. Do not contaminate ornamental fish ponds. Birds feeding in treated areas may be harmed.
