

DIRECTIONS

Put RID-ON Brand Roach Tablets wherever you see cockroaches and waterbugs . . . in closets, cabinets, drawers, on shelves, and in the pantry. Crush and use as a powder in cracks and crevices for the roach tablet. RID-ON Brand Roach Tablets kill cockroaches and waterbugs that feed on the tablets.

IMPORTANT: Remove old tablets and replace with fresh ones every six to eight weeks. After this period of time a film of dirt and grease accumulates on the surface of the tablets, and they are not as effective in attracting the cockroaches and waterbugs as when fresh.

CAUTION: Avoid contamination of feed and food stuffs. Keep away from children and domestic animals. Apply only to areas inaccessible to children and pets.

DIRECTIONS

Put RID-ON Brand Roach Tablets wherever you see cockroaches and waterbugs . . . in closets, cabinets, drawers, on shelves, and in the pantry. Crush and use as a powder in places too small for the whole tablet. RID-ON Brand Roach Tablets kill cockroaches and waterbugs that feed on the tablets.

IMPORTANT: Remove old tablets and replace with fresh ones every six to eight weeks. After this period of time a film of dirt and grease accumulates on the surface of the tablets, and they are not as effective in attracting the cockroaches and waterbugs as when fresh.

CAUTION: Avoid contamination of feed and food stuffs. Keep away from children and domestic animals. Apply only to areas inaccessible to children and pets.
