

**PRECAUTIONARY  
STATEMENTS  
HAZARDS TO HUMANS  
AND DOMESTIC ANIMALS  
DANGER**

May be fatal if inhaled, swallowed or absorbed through skin.

Do not breathe dust, vapors or mist.

Do not get either the dry material or solutions prepared from it in eyes, on skin or on clothing. May cause skin or eye irritation.

Keep well covered with clean clothing, (long sleeves, buttoned) gloves and shoes. Wear MSHA/NIOSH approved goggles and respiratory protection during handling. Wash thoroughly with soap and water after skin contact and before eating, drinking, use of tobacco products, or using restrooms. Protective clothing must be changed when it shows signs of contamination.

Do not use on picnic tables, children's playground structures or horticultural lumber. Do not use treated wood in structures to contain animal feed or agricultural produce. Products treated with or containing this chemical are not to be used in food packaging material or in areas where food is processed, handled or stored.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and wildlife. Do not contaminate water, food or feed by storage, cleaning of equipment or disposal of wastes.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Vulcan Glazd® Penta is used for the preparation of fungicidal and insecticidal solutions. Recommended concentrations for such solutions vary according to the end uses and methods of applying solutions to get the desired biological control.

Each formulator is responsible for obtaining EPA registration for his end use product(s).

For the preparation of wood preservation formulations and methods of applying them to wood, consult the current American Wood-Preservers' Association Standards or contact Vulcan Chemicals.

**STORAGE AND DISPOSAL**

**STORAGE** Glazd® Penta should be stored in a dry, well-ventilated secure area in proper containers. Do not store Penta solutions near sources of heat or near open flames. If package becomes ripped or punctured apply tape to seal and prevent spillage. If a spill of dry product occurs, sweep up cautiously to avoid stirring up dust. Wear a respirator at all times. Do not store in an area where product can come into contact with foods, feeds or potable water.

**PESTICIDE DISPOSAL** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA regional office for guidance.

**CONTAINER DISPOSAL** Completely empty bag or drum into application equipment. Then dispose of bag or drum in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned stay out of smoke.
