ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not contaminate water when disposing of equipment washwaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

APPLICATION

Troysan®174 is sold for industrial use only. Troysan®174 is a broad spectrum, non-metallic organic biocide designed for use in products subject to bacterial deterioration. Examples of such products are: latex paints, resin emulsions, adhesives, pigment dispersions, joint cements, cutting oils, and drilling additives. Troysan®174 is used in all products where water is a primary component. Normal use levels range from 0.1-0.3% based on the total weight of the formulation. Troysan®174 should be added to the latter phase of the manufacturing process. It should not be exposed to temperatures exceeding 125°F (52°C) for prolonged periods of time. Further, Troysan®174 is not suitable for use in systems with a pH below 7. Troysan®174 may also be used to control microbial growth at the air-water interface of paint manufacturing latex storage tanks. A 1.0% aqueous solution of Troysan®174 should be sprayed over the surface.

NOTE: All amino based products may cause discoloration. Customers are encouraged to check for color stability in their systems.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.
PESTICIDE STORAGE: Do not store near heat or ignition sources. Do not store at freezing temperatures for prolonged periods. This product is corrosive to metal. Do not store in unlined metal containers.
PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture, or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or environmental control agency or the hazardous waste representative at the nearest EPA regional office for guidance.
CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame. Troysan®174 is strongly alkaline.
