

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC
ANIMALS**

DANGER. Corrosive. Causes irreversible eye damage and skin burns. Fatal if inhaled. May be fatal if swallowed. Harmful if absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe vapor or spray mist. Methanol may cause blindness. Wash thoroughly with soap and water after handling and before eating, drinking, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

**PERSONAL PROTECTIVE EQUIPMENT
(PPE):**

Applicators and other handlers must wear:

- ♦ either a respirator with an organic vapor removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-23C), or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-14G), or a NIOSH-approved respirator with an organic vapor (OV) cartridge or canister with any N, R, P, or HE prefilter.
- ♦ coveralls over long-sleeved shirt and long pants
- ♦ socks and chemical-resistant footwear,
- ♦ gloves (such as barrier laminate, or butyl/ nitrile/ PVC/ Viton rubber with ≥ 14 mils)
- ♦ goggles or face shield

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not contaminate water when disposing of equipment washwaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters, including near marine or estuarine habitats, unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

TROYSAN® 364

A bacteriostat and mildew inhibitor for use:

- ♦ as an in-process preservative in the manufacture of aqueous caulks, sealants, adhesives, and lattices
- ♦ as a treatment for in-plant maintenance of non-food process equipment
- ♦ as a preservative in aqueous cutting oil compositions
- ♦ to provide in-can preservative properties for adhesives, caulks, sealants, and lattices

SOLD FOR INDUSTRIAL USE

EPA Reg. No.: 5383-47

EPA Est. No.: 5383-NJ-1

ACTIVE INGREDIENTS:

2-[(Hydroxymethyl)amino]ethanol 21.0%

Bis(tributyltin)oxide 29.0%

INERT INGREDIENTS: 50.0%

TOTAL: 100.0%

CONTAINS METHANOL

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID	
If In Eyes:	Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing the eye. Call a poison control center or doctor for treatment advice.
If On Skin Or On Clothing:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If Inhaled:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably, mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.
If Swallowed:	Call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Emergency Phone Number: 800-424-9300	
Note To Physician:	Probable mucosal damage may contraindicate the use of gastric lavage.

ACCEPTED

JUN 15 2004 TROY CHEMICAL CORPORATION
ONE AVENUE L NEWARK, N.J. 07105

©TROYSAN IS A REGISTERED TRADEMARK OF TROY CHEMICAL CORPORATION
Under the Federal Insecticide, Fungicide, and
Rodenticide Act as amended, for the
pesticide, registered under
EPA Reg. No. 5383-47

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

APPLICATION: Troysan® 364 is sold for industrial uses only. Do not use for any applications involving direct or indirect food or drinking water contact.

Troysan 364 is a broad spectrum liquid biocide designed primarily for applications for caulks, sealants, adhesives, lattices and cutting oils. Suggested

Troysan 364 use levels are reported as percentage weight/weight, based on the weight of the final use product. Normal use levels for all applications range from 0.1% - 0.5% based on formula weight. Troysan® 364 should be added to the latter phase of the manufacturing process. It should not be exposed to temperatures exceeding 125°F (52°C) for extended periods of time. Troysan 364 may also be used to prevent microbial growth at the air-film interface of latex storage tanks in exterior paint manufacturing operations. A 1% aqueous solution of Troysan 364 should be sprayed over the surface each time the latex is discharged into the manufacturing process.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: This product is corrosive to metal. Do not store in unlined metal containers. Do not store near heat or ignition sources. Avoid storage at elevated temperatures for prolonged periods. Provide adequate ventilation.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to the label instructions, contact your state pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA regional office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling of reconditioning, or puncture and dispose of on in a sanitary landfill, or by other procedures approved by state and local authorities. If burning is allowed, stay out of smoke.

PHYSICAL AND CHEMICAL HAZARDS

Do not store near feed or foodstuffs. Do not use, pour or store near heat or open flame.
