OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

Subject: **TROYSAN POLYPHASE P-100**
EPA Registration Number: 5383-50
Application Date: August 07, 2012
Receipt Date: August 15, 2012

Dear Mr. Krygsman:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide (FIFRA), as amended, is acceptable.

Proposed Amendment

Registrant is revising the nominal concentration of the active ingredient on their Basic CSF and label.

General Comments

The Basic Confidential Statements of Formula dated August 02, 2012 is acceptable. A stamped label is enclosed for your records. Submit a final printed label before selling or distributing the products bearing the revised label.

If you have further questions concerning this letter, then please contact me by telephone at (703) 308-6416 or by e-mail at campbell-mcfarlane.jacqueline@epa.gov or Glen McLeod by telephone at (703) 347-0181 or by email at mcleod.glen@epa.gov. When you are submitting information or data in response to this letter, please send a copy of this letter to accompany the submission in order to facilitate processing.

Sincerely,

A handwritten signature in black ink, appearing to read "Jacqueline Campbell", is written over the typed name and title.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

Corrosive. Causes irreversible eye damage. Harmful if swallowed, absorbed through skin, or inhaled. Do not get in eyes, on skin, or on clothing. Avoid breathing dust. Wear goggles, face shield or safety glasses. Wear protective clothing and rubber gloves. Wash thoroughly with soap and water before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash before reuse.

PERSONAL PROTECTION EQUIPMENT: Applicators and other handlers must wear long sleeved shirts, long pants, chemical-resistant gloves and shoes plus socks. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Requirements

Users must wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users must remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users must remove personal protective equipment immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly.

FIRST AID	
IF IN EYES:	- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing. - Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	- Take off contaminated clothing. - Rinse skin immediately with plenty of water for 15-20 minutes. - Call a poison control center or doctor for treatment advice.
IF SWALLOWED:	Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to an unconscious person. Do not give anything by mouth to an unconscious person.
IF INHALED:	- Move person to fresh air. - If person is not breathing call 911 or an ambulance, then give artificial respiration preferably mouth-to-mouth if possible. - Call a poison control center or doctor for further treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
NOTE TO PHYSICIAN:	
Probable mucosal damage may contraindicate the use of gastric lavage.	

POLYPHASE® P100

ENVIRC
This product is toxic to fish and aquatic life. Do not dispose of equipment washwaters into lakes, streams, ponds, estuaries, or other bodies of water. Follow the requirements of a National Pollution Discharge Elimination Act (NPDES) permit and the permitting authority has the discharge effluent containing this product. The local sewage treatment plant, the Board or Regional office of the EPA.

DIRE
It is a violation of Federal Law to use this product in a manner inconsistent with labeling. Do not apply this product in a manner inconsistent with labeling.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms. Do not contaminate water when disposing of equipment washwaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons.

APPLICATION INSTRUCTIONS

The following are suggested use levels for Polyphase®P100. Typical use levels are given for the various applications indicate the approximate levels for the particular application. All suggestions are in percentage by weight and refer to the product Polyphase®P100. In order to determine the most cost effective use level for Polyphase®P100 in a given use, field trials are suggested.

PAINTS AND STAINS: Generally use 0.3-0.5%. For hot, humid areas use up to 1.0%. For interior paints use 0.1-0.32%. For wood protective stains use 0.3-0.5%.

PLASTICS: Use in PVC plastics such as shower curtains, tarpaulins, umbrellas at a level of 0.05-0.6%.

CUTTING OILS: Use 0.03-0.3%.

HOME CLEANERS AND LAUNDRY ADDITIVES: 0.025-0.5%

WOOD: For above ground use only at rates of 0.3-0.5% depending on protection desired. For sapstain control use 0.3% within 24 hours of cutting. For millwork use 0.3%-0.5%. Do not use on wood that comes in contact with food. Surfaces which may be in continuous contact with skin should be coated with a varnish, or lacquer after treatment with Polyphase®P100.

TEXTILES: Use for coatings or dyes at 0.05-0.5%. Not for use in fabrics for human wear.

PAPER COATINGS: Use in aqueous and solvent based coatings applied to paper at 0.025-0.05%.

CANVAS AND CORDAGE: Use 0.05-0.5%

ADHESIVES: Use 0.025-0.5%

INKS: Use 0.05-0.5%

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: This material has a tendency to pack into hard lumps due to its low melting point. Storage temperatures below 90°F (32° C) and above 32°F (0° C) are suggested.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture, or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or environmental control agency or the hazardous waste representative at the nearest EPA regional office for guidance.

CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Offer for recycling if available or dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.
