

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS  
(AND DOMESTIC ANIMALS)  
DANGER**

Corrosive. Causes irreversible eye damage. Do not get in eyes on skin or on clothing. Harmful if swallowed, inhaled or absorbed through skin. Wear goggles, safety glasses or face shield and rubber gloves when handling. Avoid breathing vapor or spray mist. Do not use this product in a way that will contact workers or other persons. Follow manufacturer's instructions for cleaning/maintaining personal protective equipment. If there are no such instructions for washables, use detergent and hot water. Keep and wash personal protective equipment separately from other laundry. Users should wash hands before eating, drinking, chewing gum, using tobacco, or using toilet facilities. Users should remove clothing immediately if the pesticide gets inside then wash thoroughly and put on clean clothing.

**STATEMENT OF PRACTICAL  
TREATMENT**

**IF IN EYES:** Hold eyelids open and flush with a steady gentle stream of water for 15 minutes. Get medical attention.  
**IF ON SKIN:** Wash with plenty of soap and water. Get medical attention if irritation persists.  
**IF SWALLOWED:** Call a doctor or get medical attention. Do not induce vomiting or give anything by mouth to an unconscious person. Drink promptly a large quantity of milk, egg whites, gelatin solution, or if this is not available large quantities of water. Avoid alcohol.  
**IF INHALED:** Remove victim to fresh air. If not breathing, give artificial respiration preferably mouth to mouth. Get medical attention.  
**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing before discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your state water board or regional office of the EPA.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**APPLICATION:**

Troysan 186 Formula II is sold for industrial use only. Troysan 186 Formula II is a liquid, water soluble organic preservative designed for use in aqueous based systems such as latex paints, resin emulsions, pigment slurries, dispersed colors, joint cements, adhesives (that do not contact food or food packaging) and metal working fluids.

For systems where water is the primary component, Troysan 186 Formula II will generally impart preservative properties at use levels of 0.1%-0.3% on a weight to weight basis (0.016-0.048 ounces per pound of product to be protected) based on the finished formula weight. Troysan 186 Formula II is a liquid product that can be added to the production material at any point in the manufacturing process. It is not recommended for use in systems with a pH below 7.

**STORAGE AND DISPOSAL**

**STORAGE:** Do not store at freezing temperatures for prolonged periods.

**PESTICIDE DISPOSAL:** Do not contaminate water, food or feed by storage and disposal. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide spray mixture or rinsate is a violation of Federal Law. If these wastes can not be disposed by use according to label instructions, contact your state pesticide or environmental control agency or the hazardous waste representative at the nearest EPA Regional office for guidance.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent) and offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

**PHYSICAL AND CHEMICAL  
HAZARDS**

Combustible. Do not use, pour, spill or store near heat or open flame. Troysan 186 Formula II is strongly alkaline.

**ACCEPTED**  
**JAN 26 1999**  
Under the Federal Insecticide, Fungicide, and  
Rodenticide Act as amended, for the  
pesticide, registered under  
EPA Reg. No. **5383-90**
