5383-103

Date of Issuance:

JUL 1 7 2002

NOTICE OF PESTICIDE:

X Registration
Re-registration

(under FIFRA, as amended)

Name of Pesticide Product:

Term of Issuance: CONDITIONAL

Troy Mergal K9N

Name and Address of Registrant (include ZIP code):

Troy Chemical Corporation 8 Vreelands Road Florham Park, NJ 07932

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA Section 3(c)(7)(A) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA Section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA Section 4, or as required by registration review under FIFRA Section 3(g).
  - 2. Make the following labeling changes:
    - a. Revise the EPA Registration Number to read, "EPA Reg. No. 5383-103.

Signature of Approving Official:

Date:

Marshall Swindell, Product Manager, Team 33,

Regulatory Management Branch I, Antimicrobials Division

JUL 1 7 2007

page 2 EPA Reg. No. 5383-103

- c. Place the appropriate Establishment No. on the product labeling.
- d. Revise the phrase, "See side panel for additional.....Statements", to read, "See side panel for additional First Aid Statements".
- 3. Submit three copies of a final printed production label.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA Section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

The Confidential Statement of Formula dated April 22<sup>nd</sup>, 2002, is acceptable.

A stamped copy of the accepted label is enclosed for your records.

If you have any questions concerning this letter, please contact Karen M. Leavy-Munk at (703) 308-6237.

Sincerely,

Marshall Swindell

## **DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

TROY MERGAL K9N is a microbiocide that is effective against bacteria, yeasts, molds and algae. It is used as an industrial microbiocide for adhesives, building materials, pigment dispersions, emulsions, paints and coatings.

TROY MERGAL K9N is used to control bacteria and fungi in dispersed pigments such as kaolin clay, montmorillite clay, titanium dioxide, calcium carbonate, calcium sulfate, barium sulfate, and magnesium silicate used in paint and paper production. Typical emulsions include printing components (inks, resins, waxes, and surfactants). Building materials include mastics, caulks, joint cements, spackling, plasters and stuccos. Used as an in-can preservative in paints and coatings.

It is best if TROY MERGAL K9N is added to the initial phase of production; however, if excessive temperatures or pH values can occur addition at the end of the manufacturing process is recommended.

Typical usage rates are 0.05 - 0.40% based on the total weight of the formulation.

Do not apply this product in a way that will contact workers or other persons.

## STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

**STORAGE:** Storage between 90°F (32°C) and 32°F (0°C) is recommended.

DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
