OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

Subject: Creating Master Label
EPA Reg. No. 5383-137
Amendment Letter dated January 28, 2014

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) is acceptable. The following label changes are acceptable:

- Reformatting label to create a master label separating industrial directions from household/institutional directions.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. The next label printing of this product must use this labeling unless subsequent changes have been approved. You must submit one (1) copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions concerning this letter, please contact Elizabeth Watkins at (703) 347-0241.

Sincerely,

A handwritten signature in black ink that reads "Elizabeth H. Watkins".

Marshall Swindell
Product Manager (33)
Regulatory Management Branch 1
Antimicrobials Division (7510P)

MERGAL ® 758

For Industrial Use Only as a Microbiostat Preservative Intended to Protect in Polymer Emulsions, Emulsion Paint and Coatings, Mineral Slurries and Dispersions, Latices, Adhesives, Paper Coatings, Metalworking Fluids, Textile Spin-Finish and Coatings, Building and Construction Compositions, Inks, Leather Processing Solutions, Car Care Products Including Car Washes, Car Waxes and Silicone Emulsions, Home Care Cleaning Products Including Floor Cleaners, Floor Waxes, Floor Polishes and Surface Cleaners, Laundry Additives Including Liquid Laundry Detergents, Fabric Softeners and Stain Removers and Pesticide Formulations.

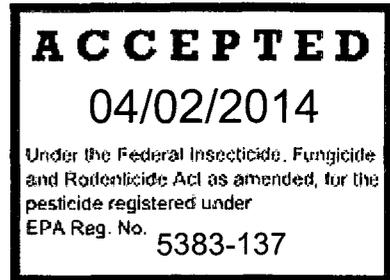

MASTER LABEL

[Sub-label A: For Industrial Use Only as a Microbiostat Preservative Intended to Protect in Polymer Emulsions, Emulsion Paint and Coatings, Mineral Slurries and Dispersions, Latices, Adhesives, Paper Coatings, Metalworking Fluids, Textile Spin-Finish and Coatings, Building and Construction Compositions, Inks and Leather Processing Solutions.]

[Sub-label B: For Industrial Use Only as a Microbiostat Preservative Intended to Protect in Car Care Products Including Car Washes, Car Waxes and Silicone Emulsions, Home Care Cleaning Products Including Floor Cleaners, Floor Waxes, Floor Polishes and Surface Cleaners, Laundry Additives Including Liquid Laundry Detergents, Fabric Softeners and Stain Removers and Pesticide Formulations.]

ACTIVE INGREDIENT:	% Weight
1,2-Benzisothiazolin-3(2H)-one	10.1%
5 Chloro-2-Methyl-4-isothiazolin-3-one	0.5%
2-Methyl-4-isothiazolin-3-one	0.16%
INERT INGREDIENTS	89.21%
TOTAL	100.0%

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER

Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed. This product is a sensitizer. Do not get in eyes, on skin or on clothing. Wear goggles, face shield, or safety glasses. Wear chemical resistant apron and gloves. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID	
IF IN EYES:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the 5 minutes, then continue rinsing. • Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
IF SWALLOWED:	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
IF INHALED:	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing call 911 or an ambulance, then give artificial respiration preferably mouth-to-mouth if possible. • Call a poison control center or doctor for further treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
NOTE TO PHYSICIAN:	
Probable mucosal damage may contraindicate the use of gastric lavage following ingestion. Measures against circulatory shock, respiratory depression and convulsion may be needed.	

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of EPA.

PHYSICAL AND CHEMICAL HAZARDS

Incompatible with oxidizing agents such as amines and reducing agents.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GENERAL INFORMATION

APPLICATION RATE: Mergal®758 is an effective preservative for most aqueous applications. Mergal®758 is suggested for use in aqueous or water-containing products and systems, including industrial products to control growth of bacteria. Suggested rates are 0.05-0.5% wt/wt of Mergal®758 in the finished product. For example, use 0.5-5.0 lbs. of Mergal®758 per 1000 lbs. of finished product.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE STORAGE: Protect from frost. If frozen, allow to thaw and stir well before use. For small spills, absorb with vermiculite or other noncombustible absorbent material and place into containers for later disposal. For large spills, dike far ahead of liquid spill for later disposal.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or environmental control agency or the hazardous waste representative at the nearest EPA regional office for guidance.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning if available, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
